(57) **CLAIM**

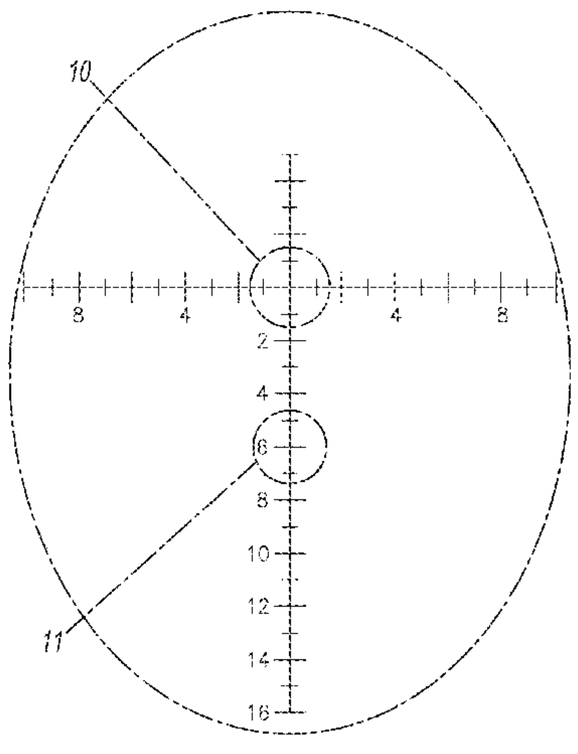

The ornamental design for a lens with reticle, as shown and described.

DESCRIPTION

FIG. **1** is a front elevation view of a lens with reticle in accordance with my new design;
FIG. **2** is a reference view thereof showing the areas indicating from where enlarged details are taken;
FIG. **3** is an enlarged detail view of area **3** circumscribed within FIG. **2**;
FIG. **4** is an enlarged detail view of area **4** circumscribed within FIG. **3**;
FIG. **5** is another enlarged detail view of area **5** circumscribed within FIG. **3**;
FIG. **6** is another enlarged detail view of area **6** circumscribed within FIG. **2** of a second embodiment of the lens with reticle;
FIG. **7** is an enlarged detail view of area **7** circumscribed within FIG. **6**;
FIG. **8** is another enlarged detail view of area **8** circumscribed within FIG. **6**;
FIG. **9** is another enlarged detail view of area **9** circumscribed within FIG. **2** of a third embodiment of the lens with reticle;
FIG. **10** is an enlarged detail view of area **10** circumscribed within FIG. **9**; and,
FIG. **11** is another enlarged detail view of area **11** circumscribed within FIG. **9**.
The dot-dash-dot broken lines are enlargement frames and lead lines that form no part of the claim. The broken line surrounding each of FIGS. **1** and **2** depicts the boundary of the claim and forms no part thereof. The evenly spaced broken lines in FIGS. **1** and **2** depict text that forms no part of the claimed design. The evenly spaced broken lines in FIGS. **6-9** and **11** depict portions of the lens with reticle that form no part of the claimed design.

1 Claim, 8 Drawing Sheets
