(57) **CLAIM**
The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION
The patent file contains at least one drawing executed in color. Copies of this patent with color drawings will be provided by the Office upon request and payment of the necessary fee.
FIG. 1 is a front view of a display screen or portion thereof with graphical user interface showing our new design according to a first embodiment;
FIG. 2 is a front view of a display screen or portion thereof with graphical user interface showing our new design according to a second embodiment;
FIG. 3 is a front view of a display screen or portion thereof with graphical user interface showing our new design according to a third embodiment;
FIG. 4 is a front view of a display screen or portion thereof with graphical user interface showing our new design according to a fourth embodiment;
FIG. 5 is a front view of a display screen or portion thereof with graphical user interface showing our new design according to a fifth embodiment;
FIG. 6 is a front view of a display screen or portion thereof with graphical user interface showing our new design according to a sixth embodiment;
FIG. 7 is a front view of a display screen or portion thereof with graphical user interface showing our new design according to a seventh embodiment; and,
FIG. 8 is a front view of a display screen or portion thereof with graphical user interface showing our new design according to an eighth embodiment.
The outer perimeter, illustrated in the figures by broken lines, illustrates a display screen or portion thereof and forms no part of the claimed design.

1 Claim, 8 Drawing Sheets
