(57) **CLAIM**

The ornamental design for a wristband for an electronic device, as shown and described.

DESCRIPTION

FIG. 1 is a plan view of a first side of a long segment of the wristband for an electronic device.

FIG. 2 is a plan view of a first side of a short segment of the wristband for an electronic device.

FIG. 3 is a plan view of a second side of the short segment of the wristband for an electronic device.

FIG. 4 is a plan view of a second side of the long segment of the wristband for an electronic device.

FIG. 5 is a first end view of the long segment of the wristband for an electronic device.

FIG. 6 is a first end view of the short segment of the wristband for an electronic device.

FIG. 7 is a second end view of the long segment of the wristband for an electronic device.

FIG. 8 is a second end view of the short segment of the wristband for an electronic device.

FIG. 9 is a first edge view of the long segment of the wristband for an electronic device.

FIG. 10 is a first edge view of the short segment of the wristband for an electronic device.

FIG. 11 is a second edge view of the short segment of the wristband for an electronic device.

FIG. 12 is a second edge view of the long segment of the wristband for an electronic device.

FIG. 13 is a perspective view of the second side of the long segment of the wristband for an electronic device.

FIG. 14 is a perspective view of the second side of the short segment of the wristband for an electronic device.

FIG. 15 is a first side perspective view of the long segment coupled to the short segment of the wristband for an electronic device.

FIG. 16 is a perspective view of the first side of the long segment of the wristband for an electronic device.

FIG. 17 is a perspective view of the first side of the short segment of the wristband for an electronic device.

FIG. 18 is a second side perspective view of the long segment coupled to the short segment of the wristband for an electronic device.

(Continued)

FIG. 19 is a first side plan view of the long segment coupled to the short segment of the wristband for an electronic device.

FIG. 20 is a second side plan view of the long segment coupled to the short segment of the wristband for an electronic device.

FIG. 21 is a first edge view of the long segment coupled to the short segment of the wristband for an electronic device.

FIG. 22 is a first end view of the long segment coupled to the short segment of the wristband for an electronic device.

FIG. 23 is a second end view of the long segment coupled to the short segment of the wristband for an electronic device; and,

FIG. 24 is a second edge view of the long segment coupled to the short segment of the wristband for an electronic device.

The broken lines shown in the drawings illustrate portions of the wristband for an electronic device that form no part of the design.
