(57) **CLAIM**

The ornamental design for a cellphone display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of first image in a sequence of a cellphone display screen with graphical user interface, showing our new design;

FIG. 2 is a front view of a second image thereof;

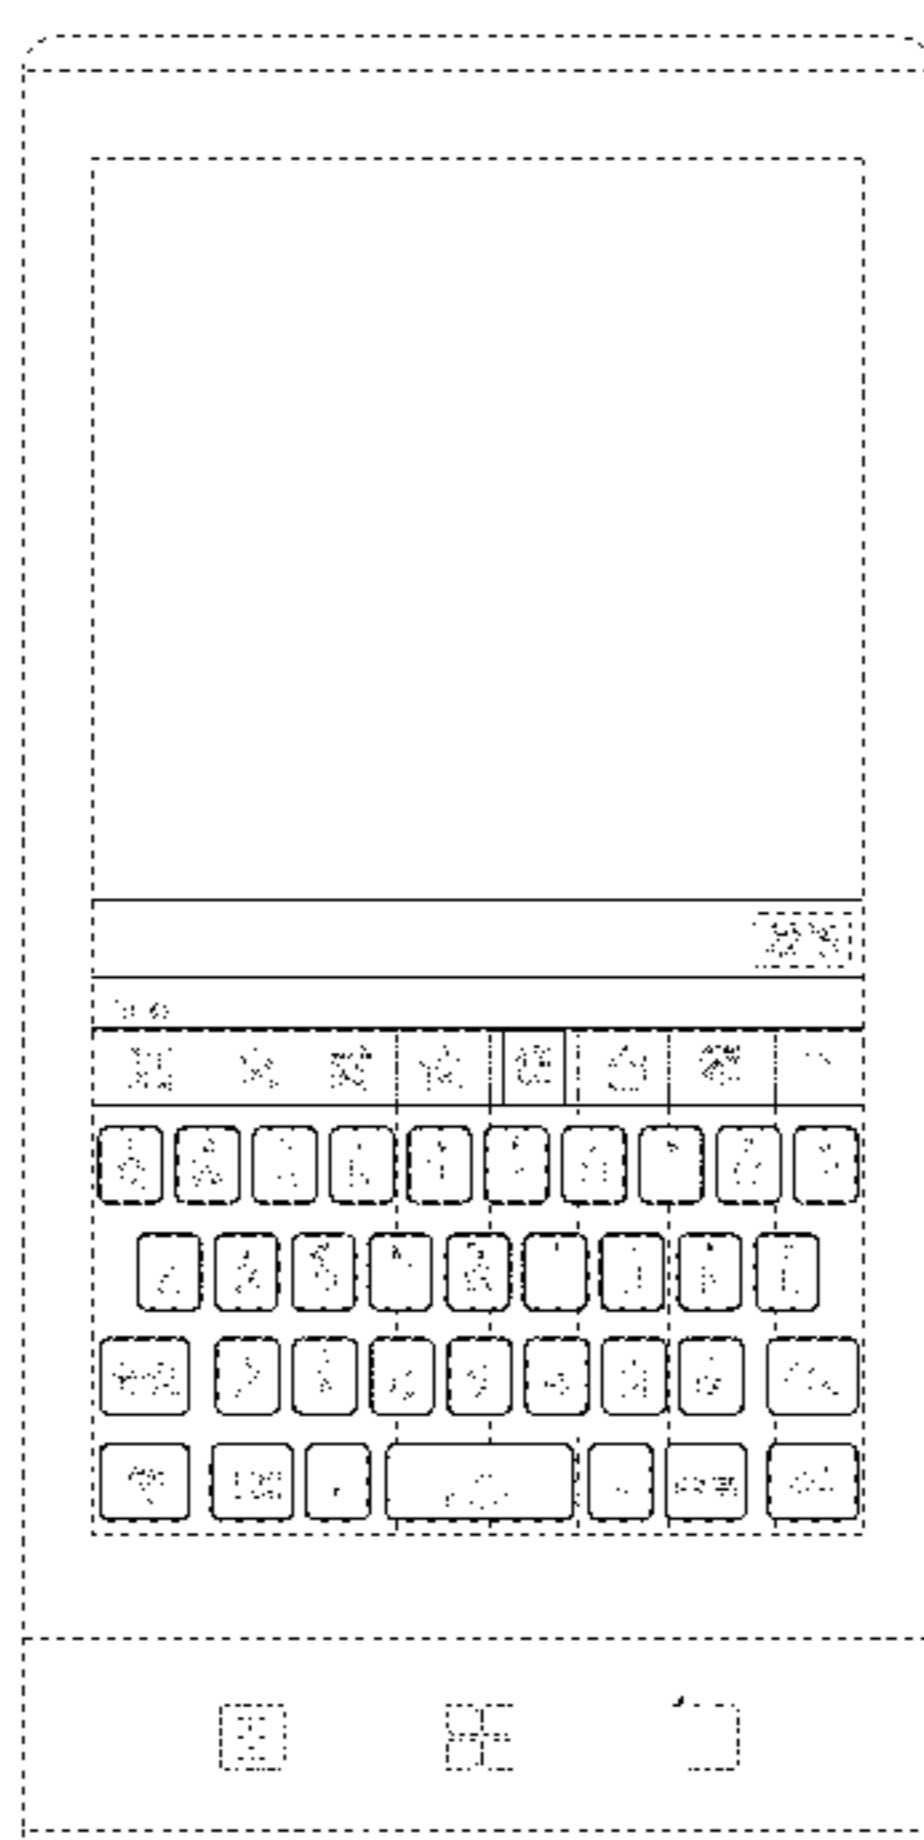

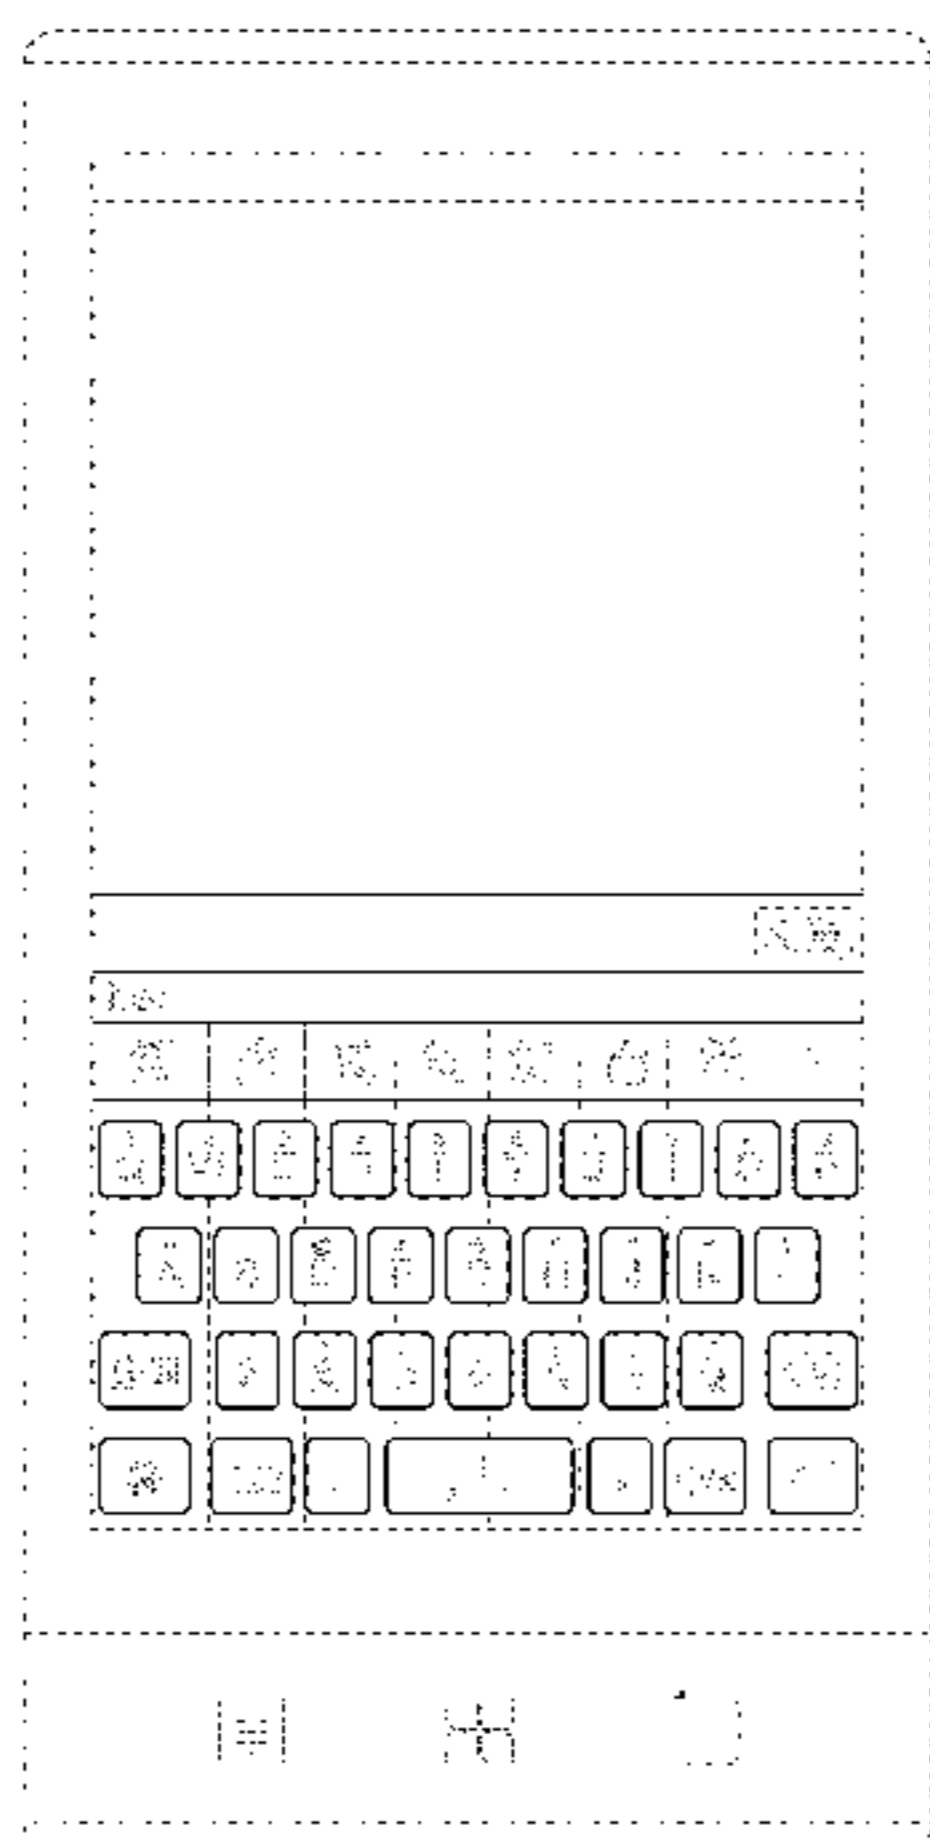

FIG. 3 is a front view of a third image thereof;

FIG. 4 is a front view of a fourth image thereof; and,

FIG. 5 is a front view of a fifth image thereof.

The outermost broken lines illustrate a cellphone, which is the environment of the design. The innermost vertically-oriented broken line rectangle illustrates a display screen. The remaining broken lines illustrate portions of the graphical user interface. None of the broken lines in the figures form part of the claimed design.

(Continued)

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-5. The process or period in which one image transitions to another image forms no part of the claimed design.
