(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

**DESCRIPTION**

The patent or application file contains a least one drawing executed in color. Copies of this patent or patent application publication with color drawing will be provided by the Office upon request and payment of the necessary fee. The sole FIGURE is a front view of a display screen with graphical user interface according to our design. In the sole figure, the broken line elements, namely, the display screen device and all text of the graphical user interface form no part of the claimed design. The color shown on the claimed design forms no part of the claimed design.
