(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a first image of a display screen with animated graphical user interface, showing my new design; and,

FIG. 2 is a front view of a second image thereof.

The broken lines shown are included for the purpose of illustrating portions of the display screen with animated graphical user interface and form no part of the claimed design. The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-2. The process or period in which one image transitions to another image forms no part of the claimed design.
