DESCRIPTION

See application file for complete search history.

FIG. 1 is a front view of a display screen or portion thereof with animated graphical user interface showing my new design;

FIG. 2 is a front view of the second image thereof; and, FIG. 3 is a front view of the third image thereof.

The appearance of the image transitions sequentially between the images shown in FIGS. 1-3. The process or period in which an image transitions to another forms no part of the claimed design.

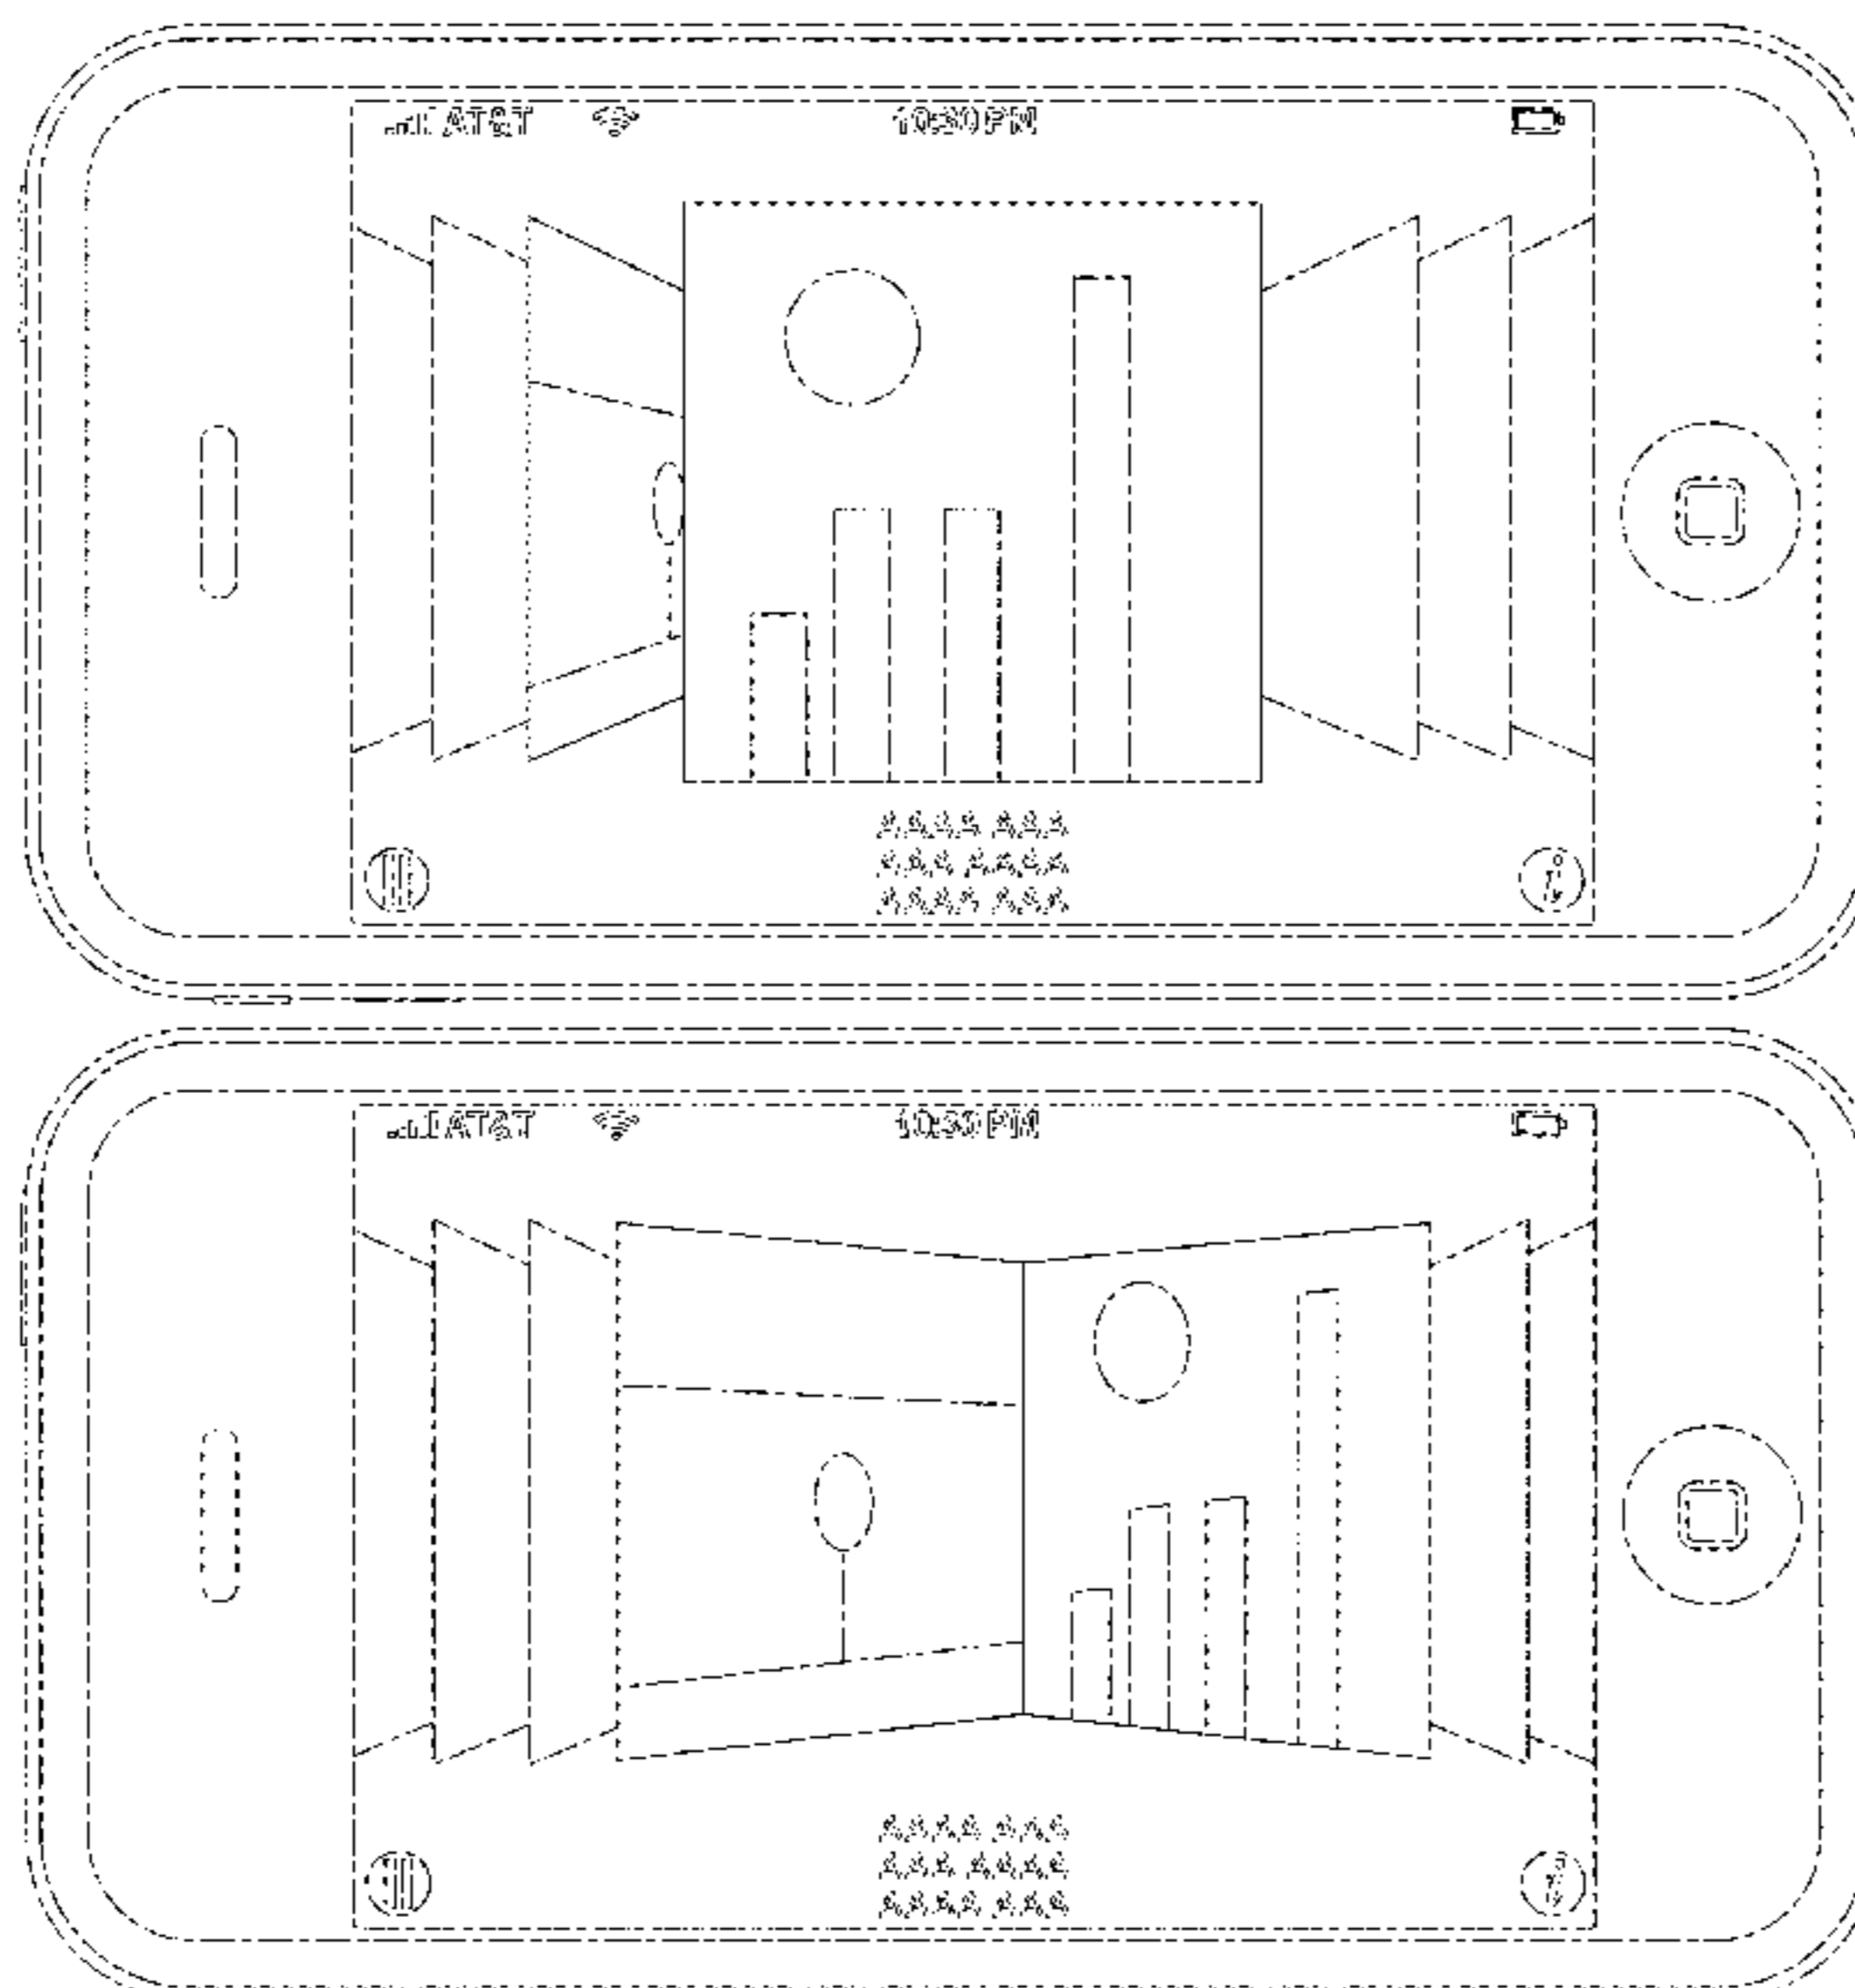

The broken line showing of a display screen or portion thereof and graphical elements within the display screen are not part of the claimed design.
