(57) **CLAIM**

I claim the ornamental design for a display screen or portion thereof with graphical user interface icon, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence of a display screen or portion thereof with graphical user interface icon, showing the new design; and, FIG. 2 is a front view of a second image in a sequence of a display screen.

The broken lines shown are included for the purpose of illustrating the display and portions of the graphical user interface and form no part of the claimed design.

The appearance of the image sequentially transitions between the images shown in FIGS. 1 and 2. The process or period in which one image transitions to another forms no part of the claimed design.
