(57) **CLAIM**

The ornamental design for a tire tread, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tire including the tire tread of the present application taken generally from the front and a first side of the tire;

FIG. 2 is a front view thereof;

FIG. 3 is side view thereof, the opposite side being identical;

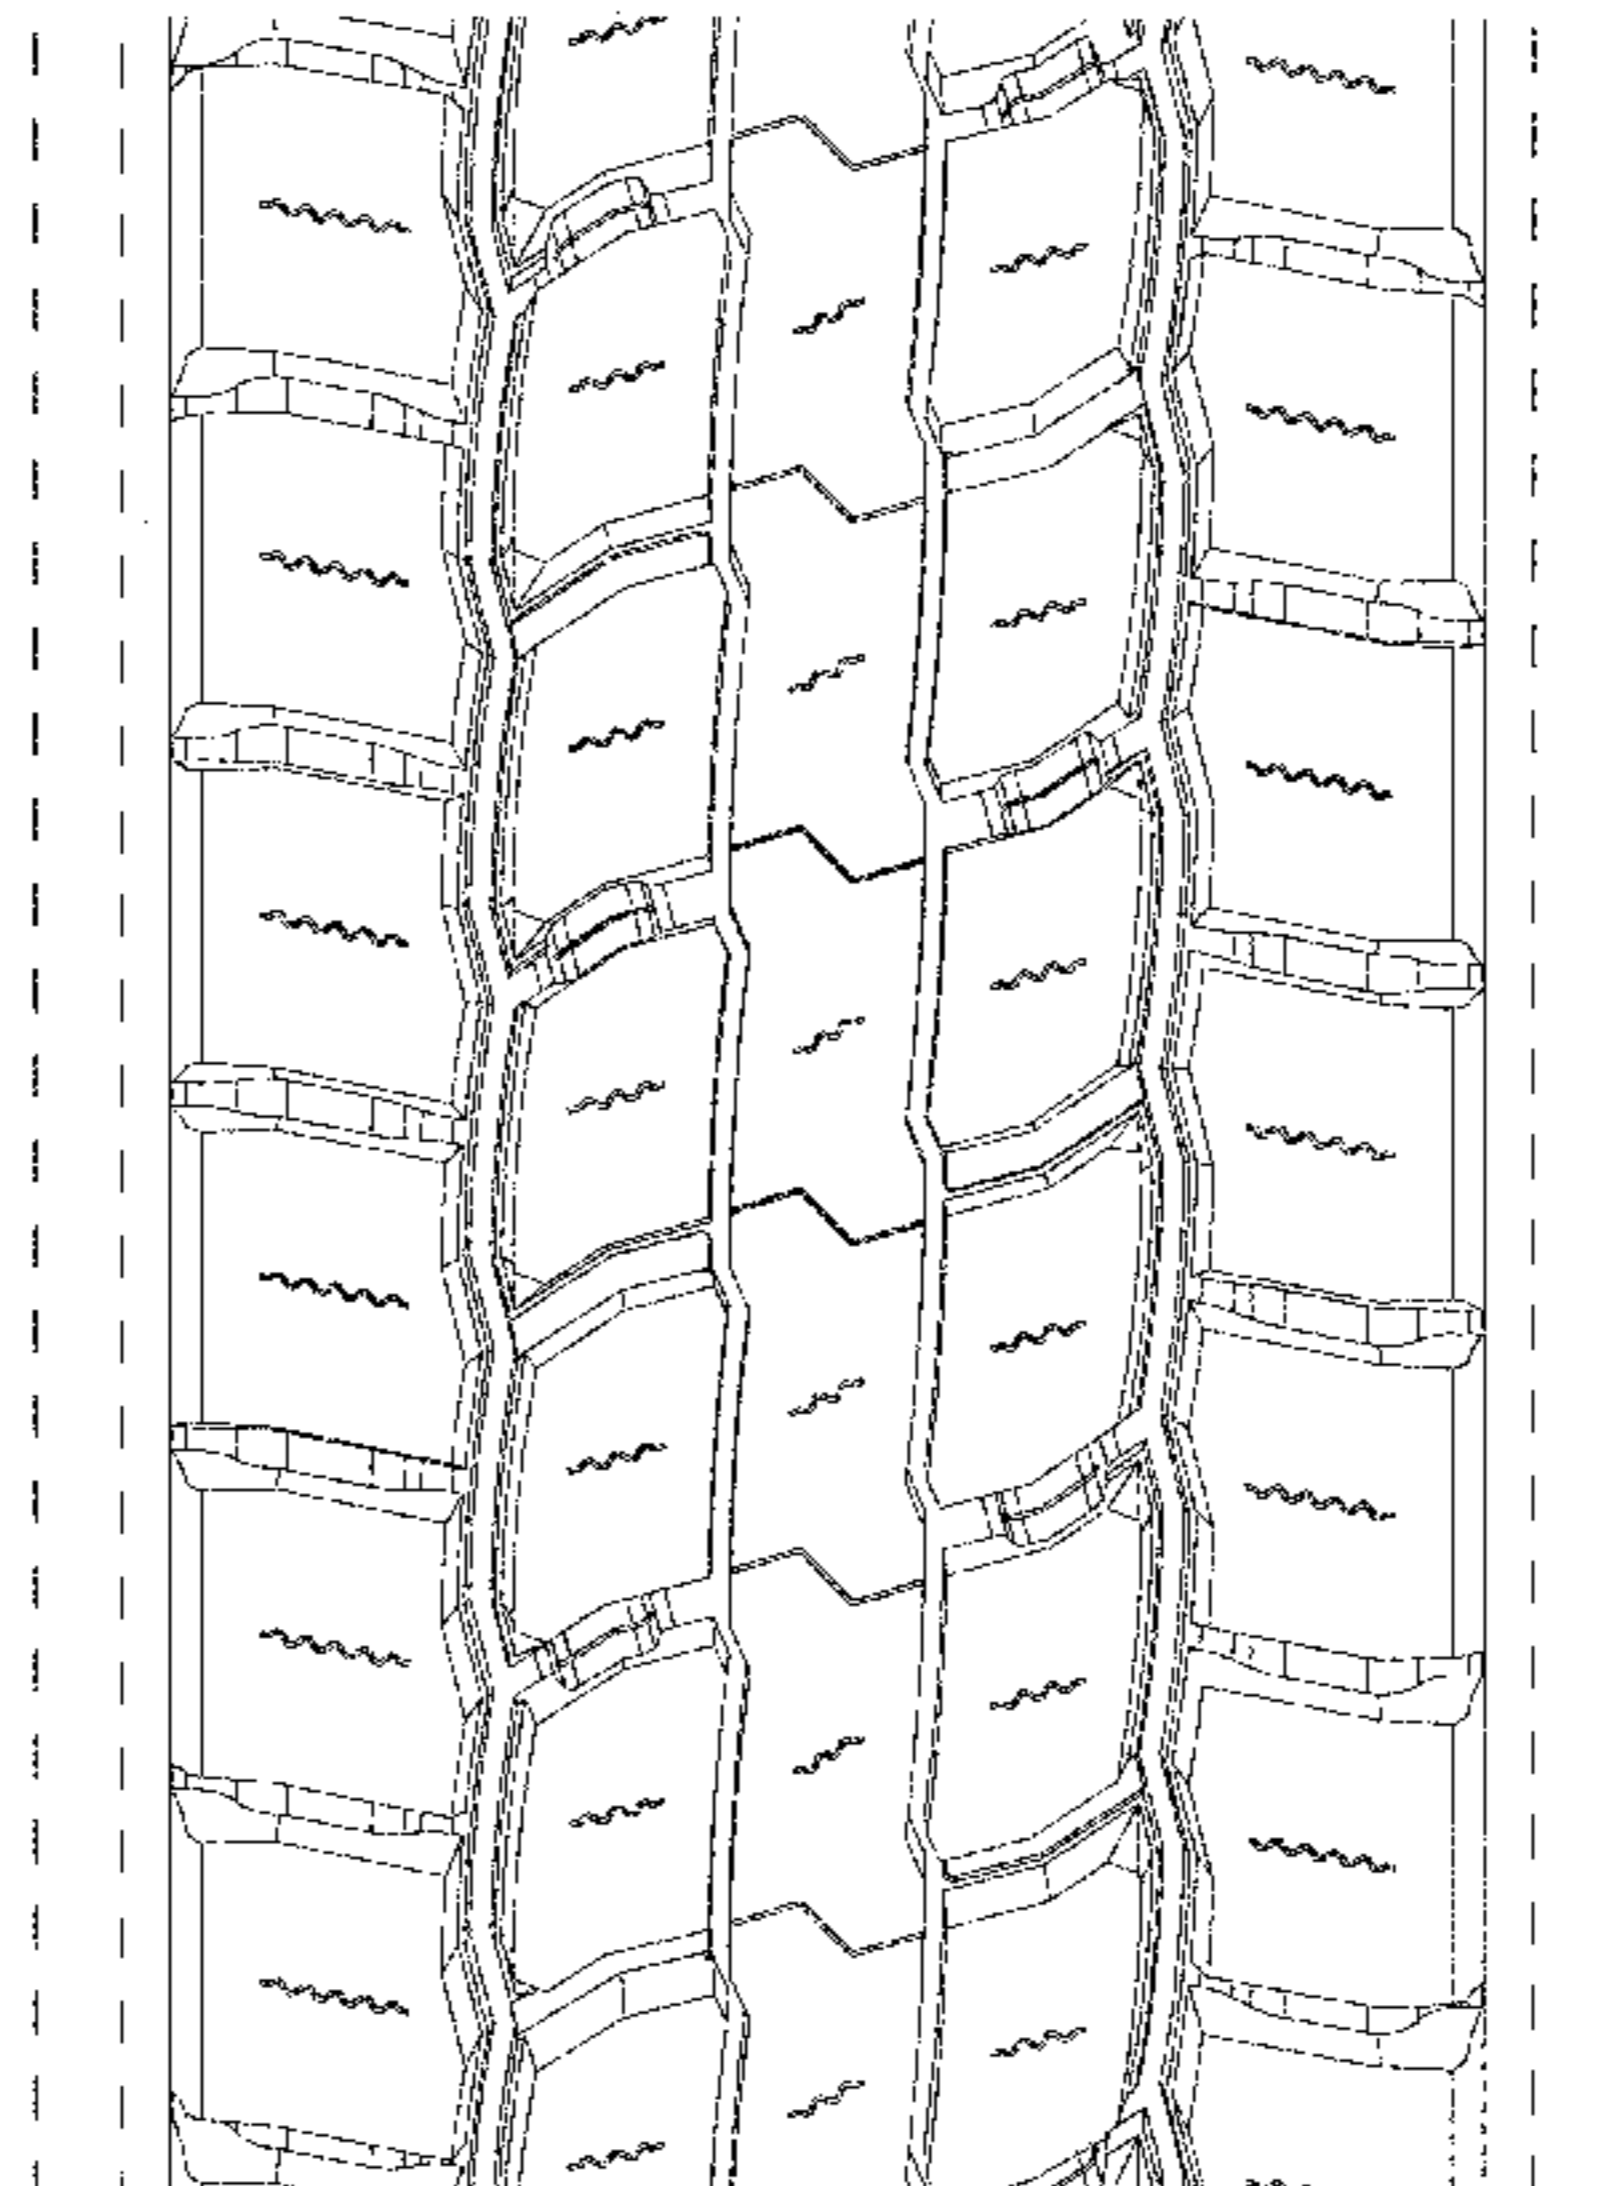

FIG. 4 is an enlarged, partial perspective view thereof;

FIG. 5 is an enlarged, partial front view thereof; and,

FIG. 6 is an enlarged, partial side view thereof.

In the drawings, the broken lines depict portions of the tire that form no part of the claimed design. Likewise, the tire interior forms no part of the claim. Further, it is understood that the circumferential broken line closest to the elements shown in solid line represent boundaries of the claim. The tread pattern is understood to repeat throughout the circumference of the tire.

1 Claim, 6 Drawing Sheets
