(57) **CLAIM**

The ornamental design for a tire, as shown and described.

DESCRIPTION

FIG. 1 is a side perspective view of a tire showing our new design, it being understood that the tread pattern is repeated throughout the circumference of the tire;
 FIG. 2 is a front elevational view thereof, it being understood that the tread pattern is repeated throughout the circumference of the tire;
 FIG. 3 is an enlarged fragmentary front elevational view thereof; and,
 FIG. 4 is a side elevational view thereof, it being understood that the opposite side is the same.
 In the drawings, the broken lines depict environmental subject matter only and form no part of the claimed design.
