(57) **CLAIM**

The ornamental design for a networking device, as shown and described.

DESCRIPTION

FIG. 1 is a rear perspective view of a networking device showing my design;
FIG. 2 is a front perspective view thereof;
FIG. 3 is a front elevation view thereof;
FIG. 4 is a rear elevation view thereof;
FIG. 5 is a top plan view thereof;
FIG. 6 is a side elevation view thereof; and,
FIG. 7 is an opposite side view thereof.

The bottom side of the article forms no part of the claimed design.

The wire frame lines shown throughout the views are intended to indicate surface contour.

The broken lines immediately adjacent the shaded areas represent the bounds of the claimed design while all other broken lines are directed to environment and are for illustrative purposes only; the broken lines form no part of the claimed design. The unshaded surface that directly adjoins the claimed solid line edge forms no part of the claimed design.

1 Claim, 7 Drawing Sheets
