(57) **CLAIM**

What is claimed is the ornamental design for a display panel of a programmed computer system with a graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a face view of a first embodiment of a display panel of a programmed computer system with a graphical user interface;

FIG. 2 is a face view of a second embodiment of the display panel of a programmed computer system with a graphical user interface;

FIG. 3 is a face view of a third embodiment of the display panel of a programmed computer system with a graphical user interface;

FIG. 4 is a face view of a fourth embodiment of the display panel of a programmed computer system with a graphical user interface; and,

(Continued)

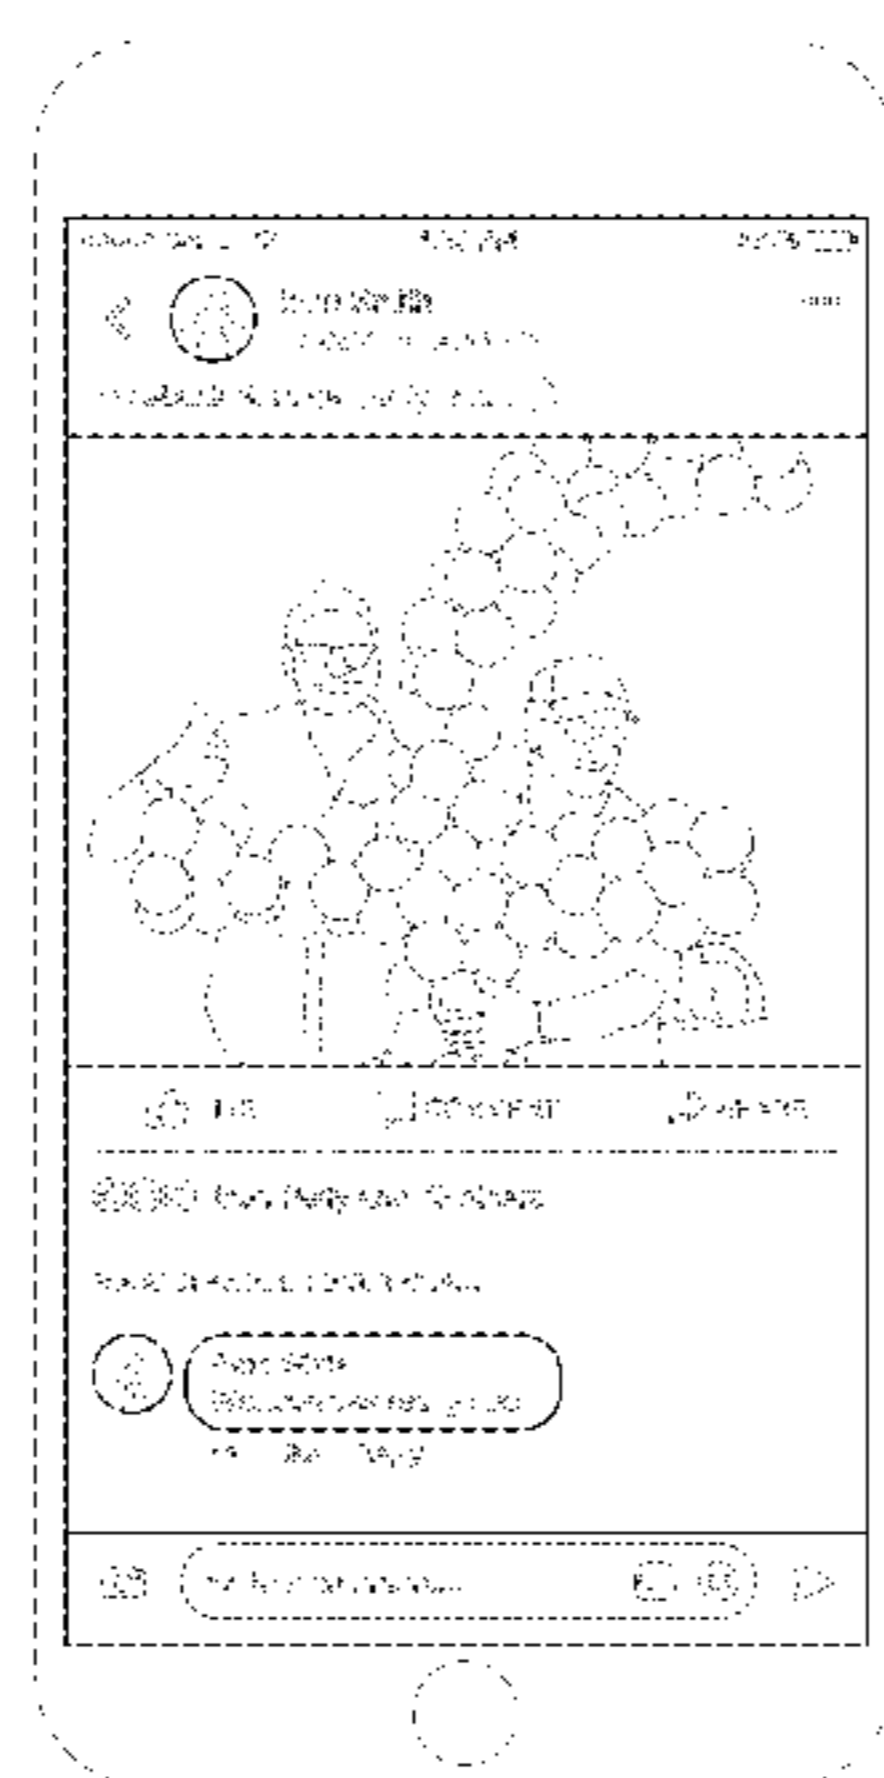

FIG. 5 is a face view of a fifth embodiment of the display panel of a programmed computer system with a graphical user interface.

The broken lines in the drawings are included for the purpose of illustrating environmental structure and form no part of the claimed design.
