See application file for complete search history.

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the office upon request and payment of the necessary fee.

FIG. 1 is a perspective view of the porthole kite kit showing the kite with the interchangeable porthole rim and propeller attachments.

FIG. 2 is a right side view thereof.

FIG. 3 is a top view thereof.

FIG. 4 is a left side view thereof.

FIG. 5 is a bottom view of the porthole kite kit showing the bottom of the kite and the bottom of the interchangeable porthole rim and propeller attachments.

FIG. 6 is a bottom view of the porthole kite kit showing the bottom of the kite and the bottom of the interchangeable porthole rim and propeller attachments; and,

FIG. 7 is a bottom view of the porthole kite kit showing the bottom of the kite and the bottom of the interchangeable porthole rim and propeller attachments.

The shadows in FIGS. 1-7 do not form a part of the claimed design.
