(57) **CLAIM**

The ornamental design for a support for a height adjustable desk, as shown and described.

DESCRIPTION

FIG. 1 is a front, in an extended configuration, view of the claimed design.

FIG. 2 is a rear, in an extended configuration, view of the claimed design.

FIG. 3 is a left side, in an extended configuration, view of the claimed design, the right view being a mirror image thereof.

FIG. 4 is a left side, in an alternate collapsed configuration, view of the claimed design, the right view being a mirror image thereof.

FIG. 5 is a left side, in an extended configuration, view of the claimed design, as an alternative embodiment of the side view, the right view being a mirror image thereof.

FIG. 6 is a left side, in an alternate collapsed configuration, view of the claimed design, as an alternative embodiment of the side view, the right view being a mirror image thereof.

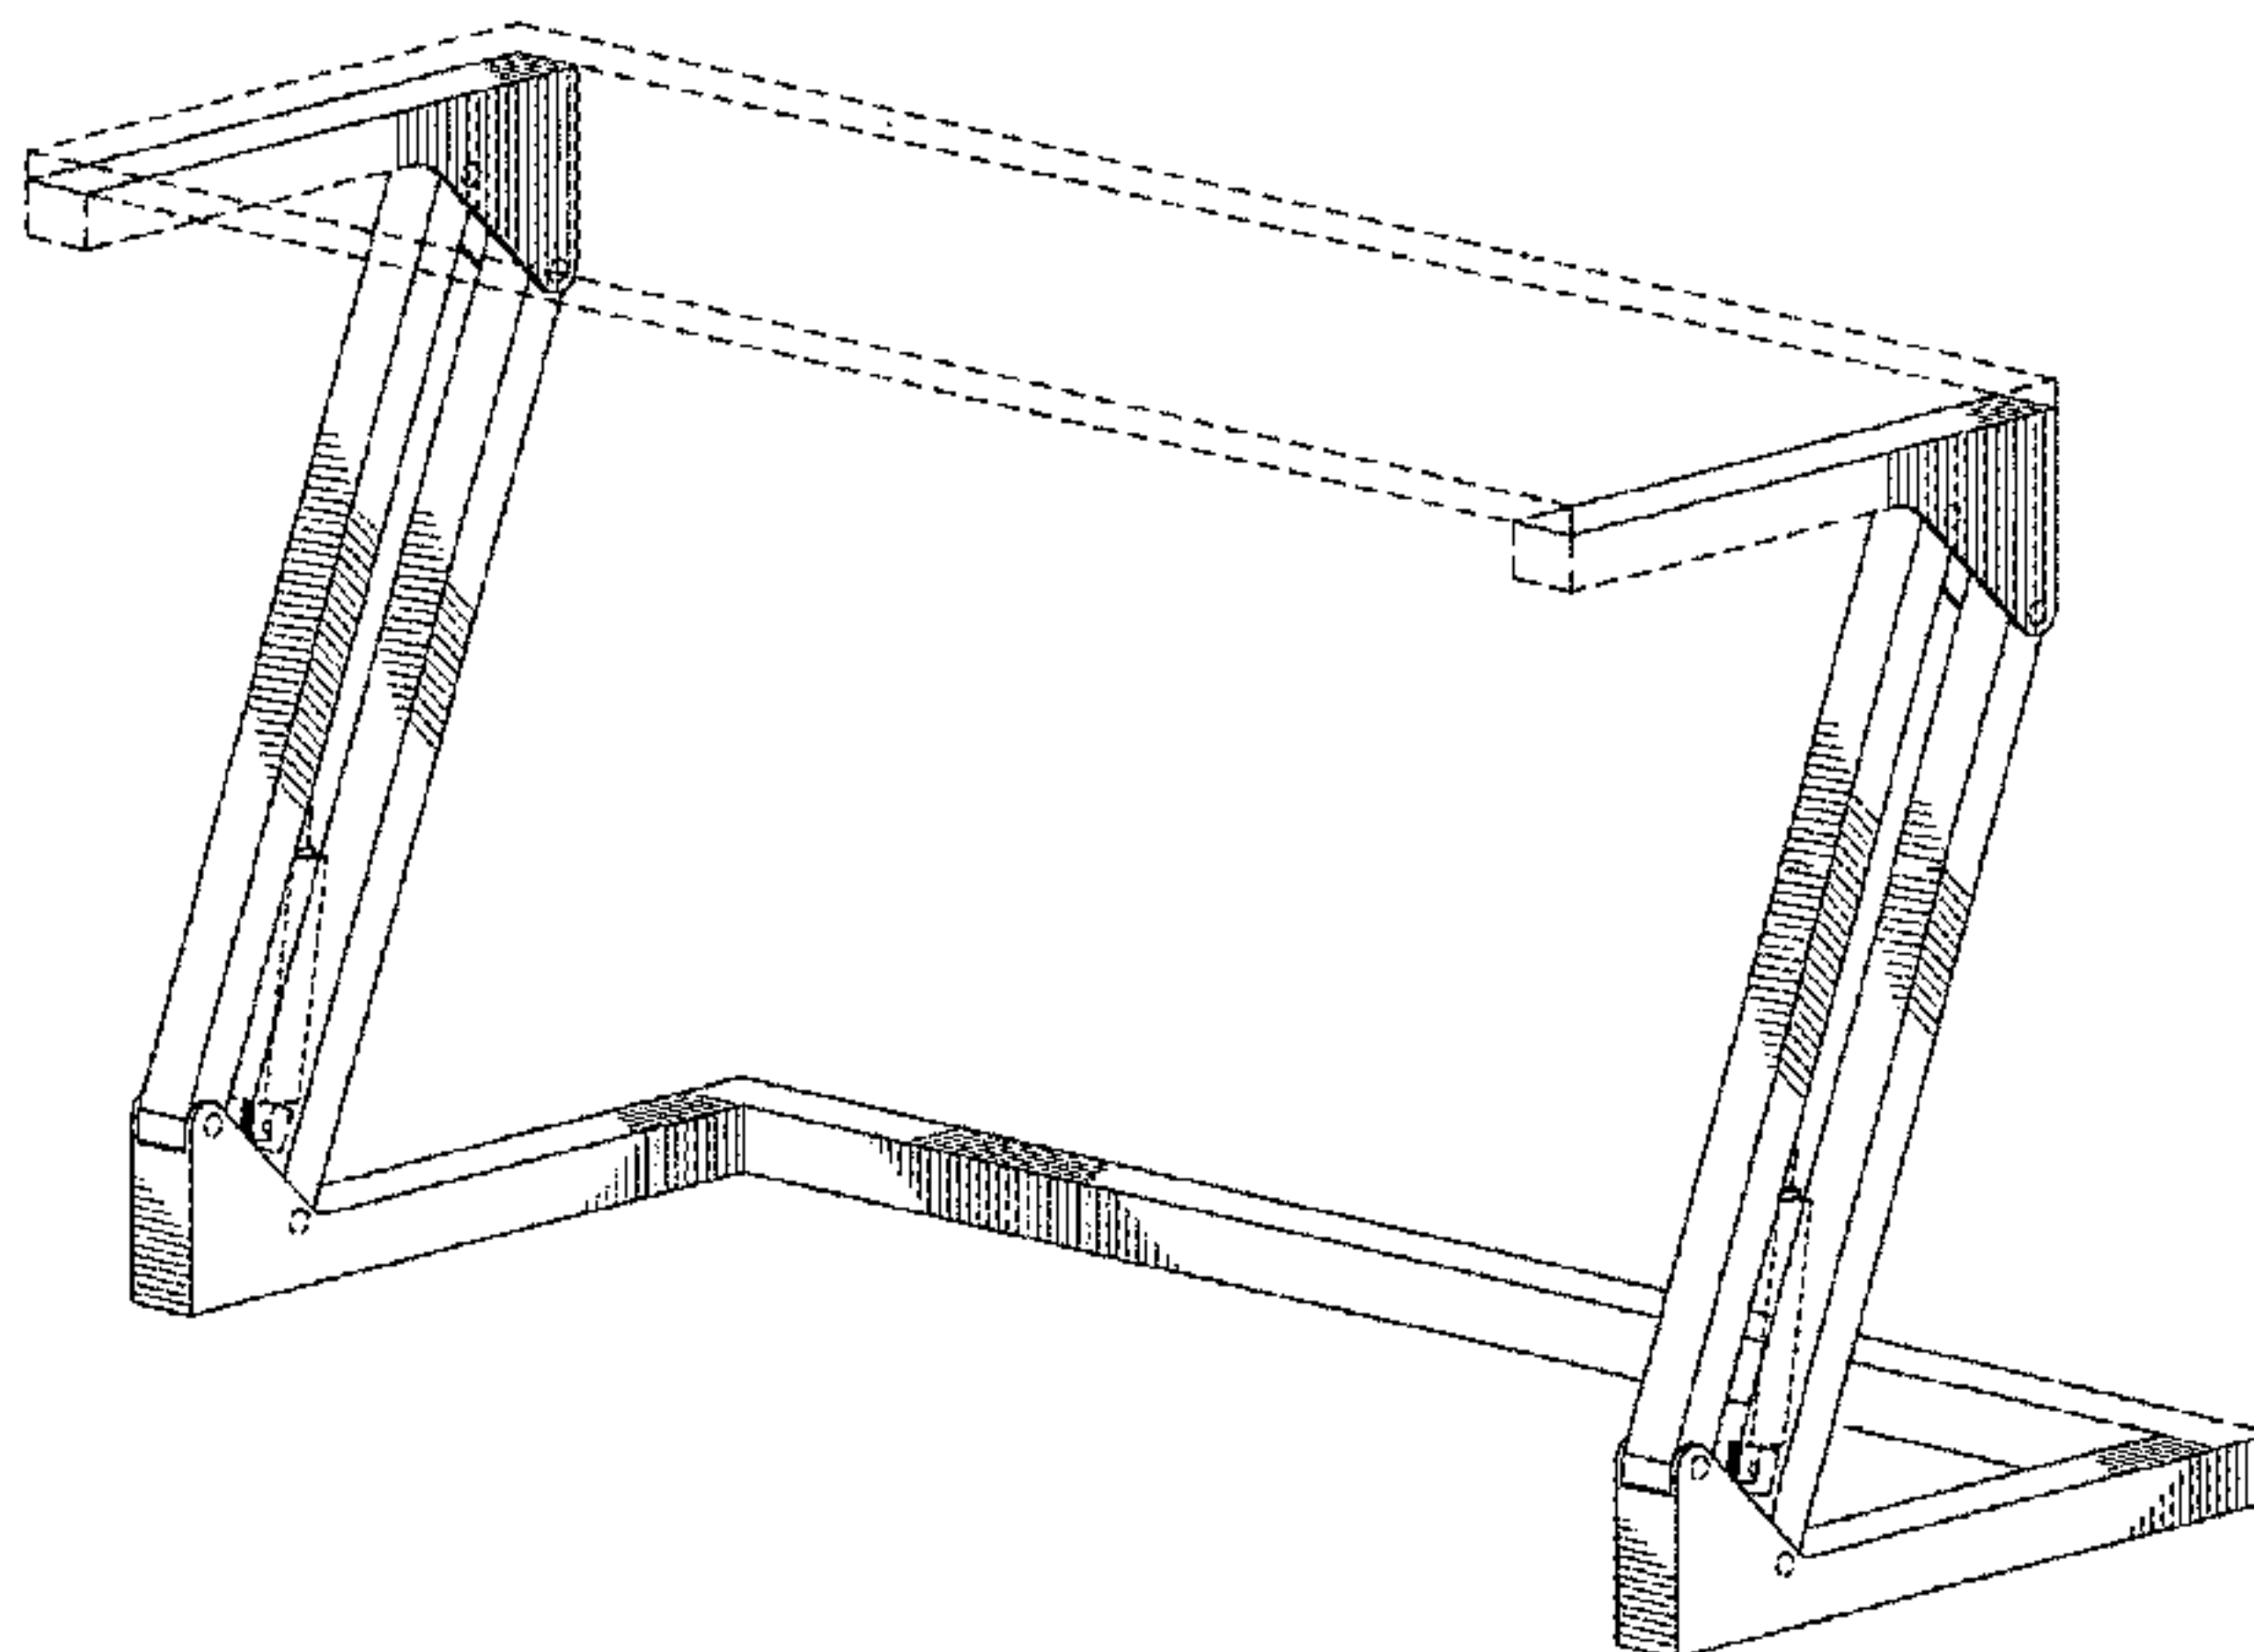

FIG. 7 is a top, in an extended configuration, view of the claimed design; and,

FIG. 8 is a front, in an extended configuration, perspective view of the claimed design.

The bottom is flat and unornamented.

Broken lines depicted in the drawings do not form part of the claim of the claimed design.
