(57) **CLAIM**

We claim the ornamental design for a display screen or portion thereof with transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a first image of a first embodiment of a display screen or portion thereof with transitional graphical user interface showing our new design;

FIG. 2 is a second image thereof;

FIG. 3 is a third image thereof;

FIG. 4 is a first image of a second embodiment of a display screen or portion thereof with transitional graphical user interface;

FIG. 5 is a second image thereof; and,

FIG. 6 is a third image thereof.

The outer broken lines in the figures depict a display screen or portion thereof and form no part of the claimed design. The remainder of the broken lines in the figures depict portions of the graphical user interface and form no part of the claimed design.

The appearance of the transitional graphical user interface sequentially transitions between the images shown in FIGS. 1-3 and in FIGS. 4-6. The process or period in which one image transitions to another forms no part of the claimed design.

1 Claim, 6 Drawing Sheets
