(57) **CLAIM**

The ornamental design for a display screen with transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence for a display screen with transitional graphical user interface showing our new design.

FIG. 2 shows the design of FIG. 1, shown enlarged for clarity of illustration;

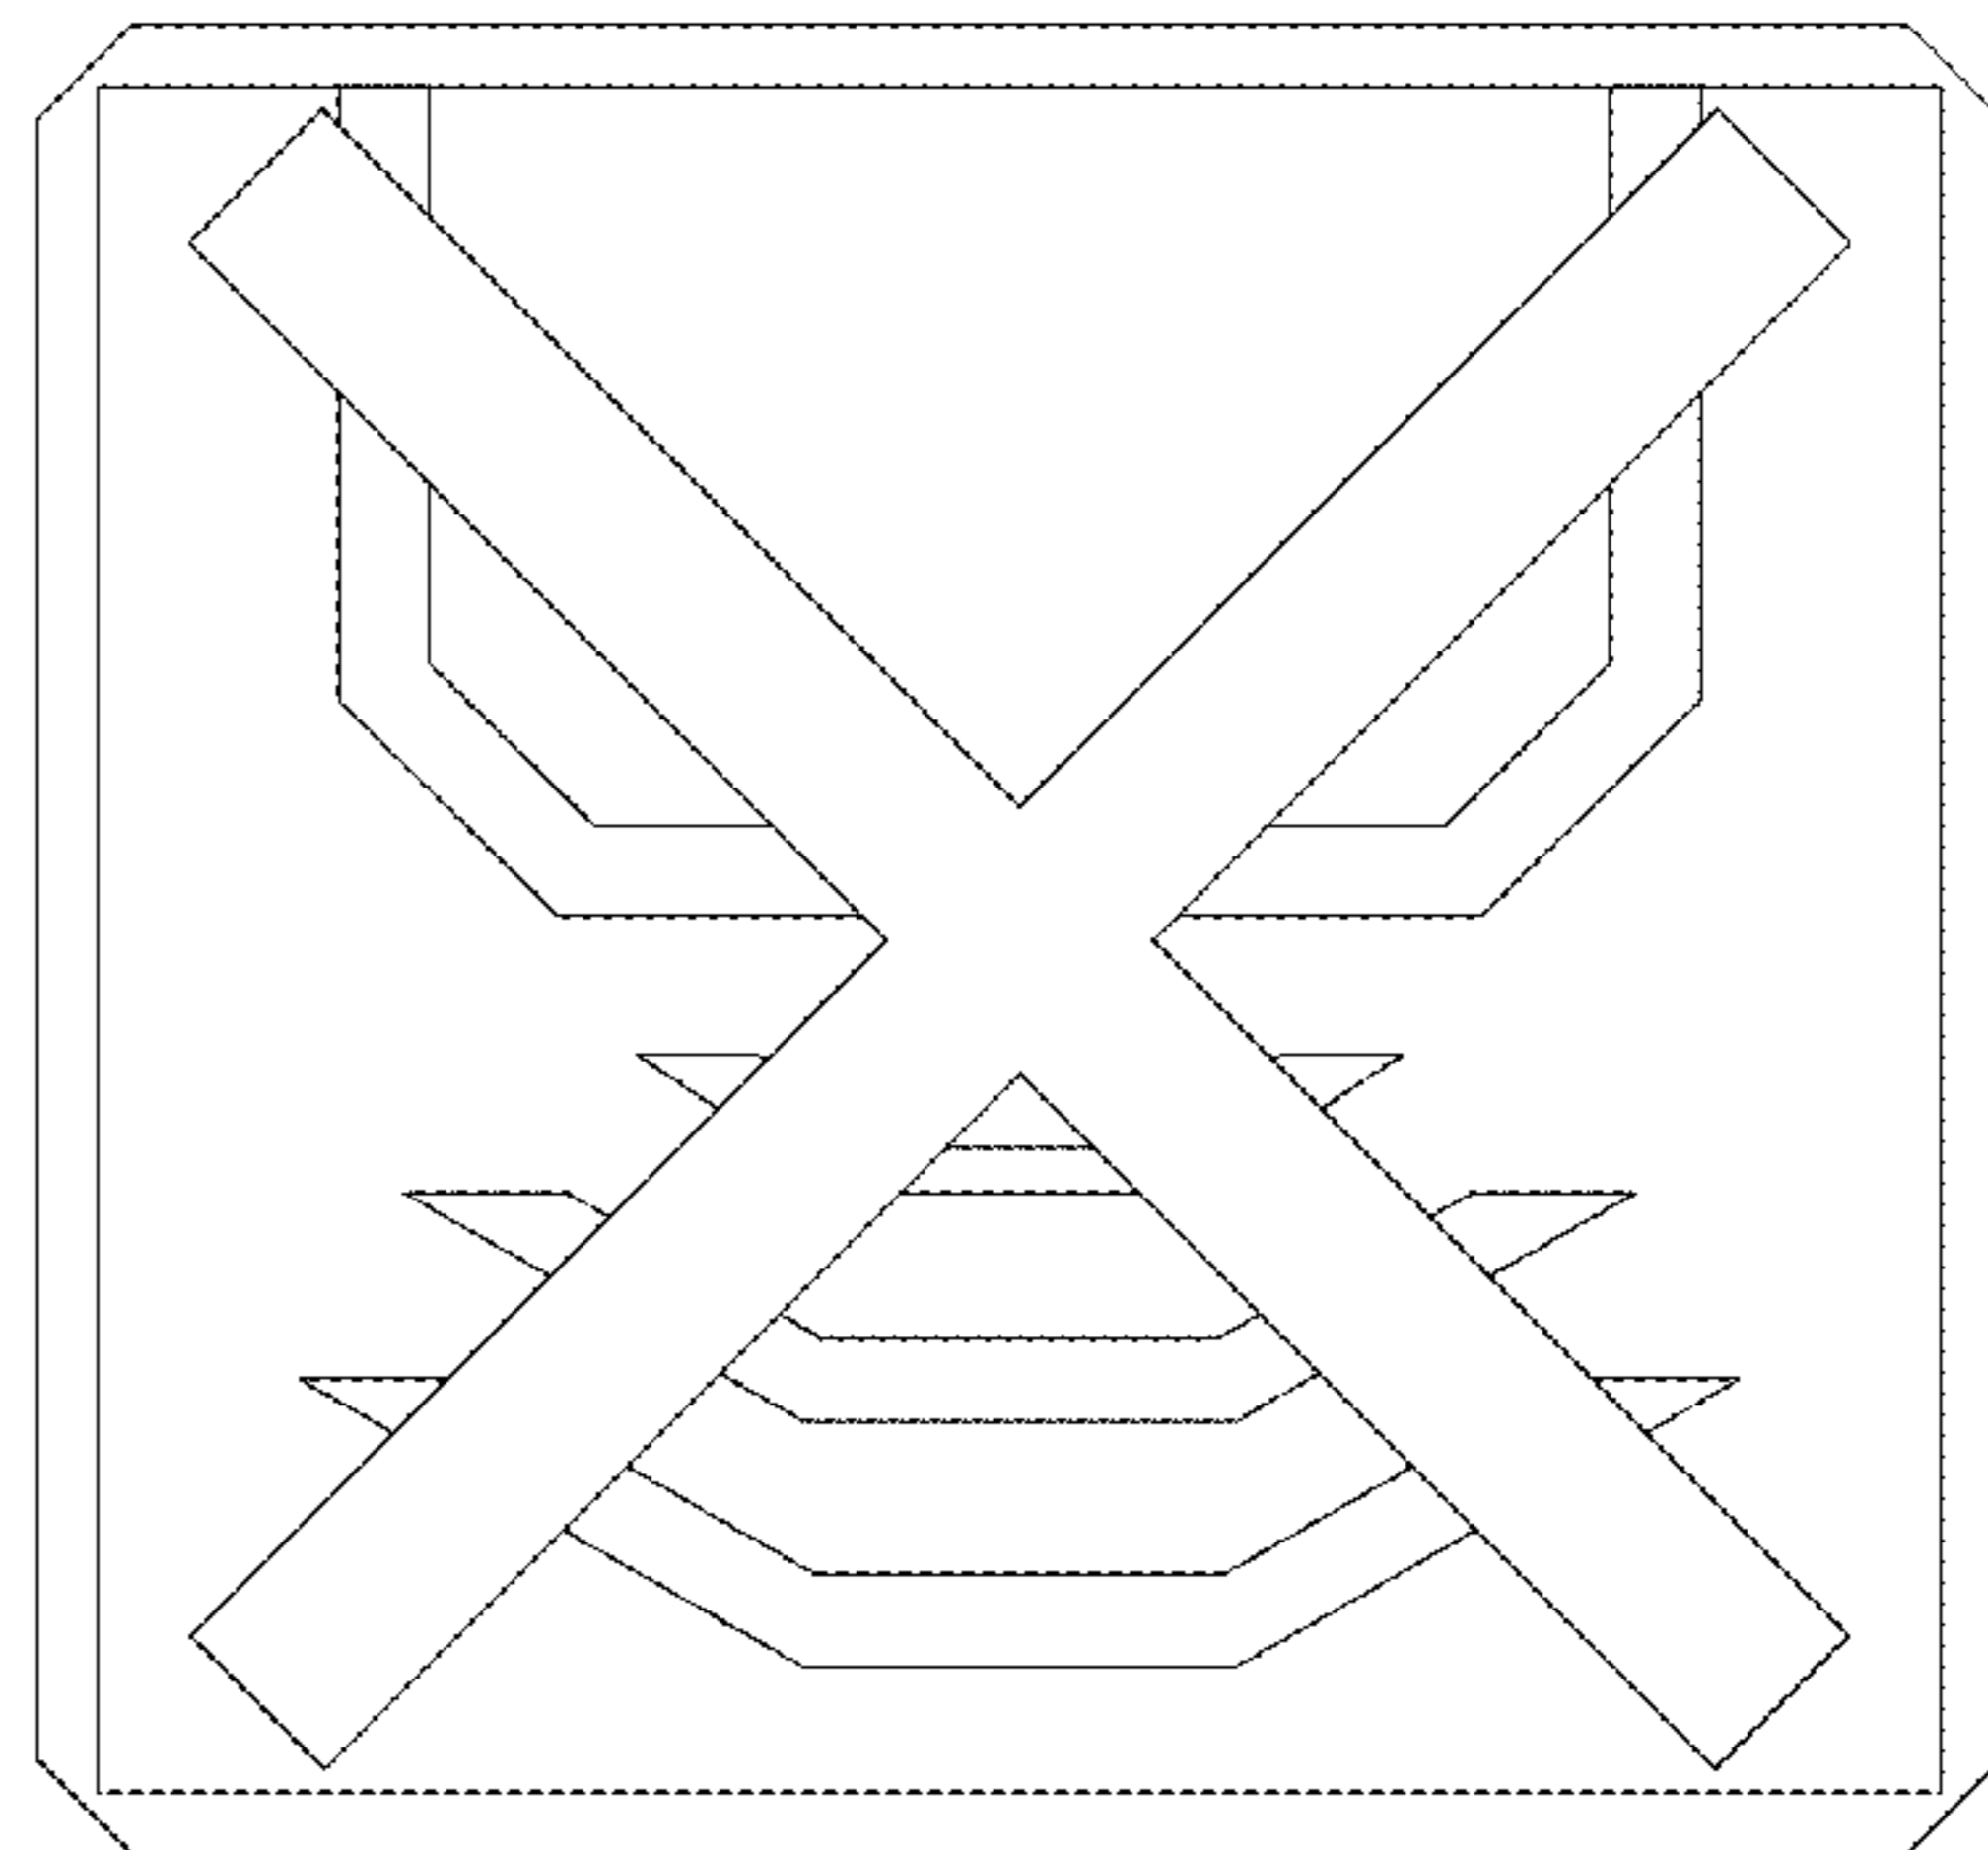

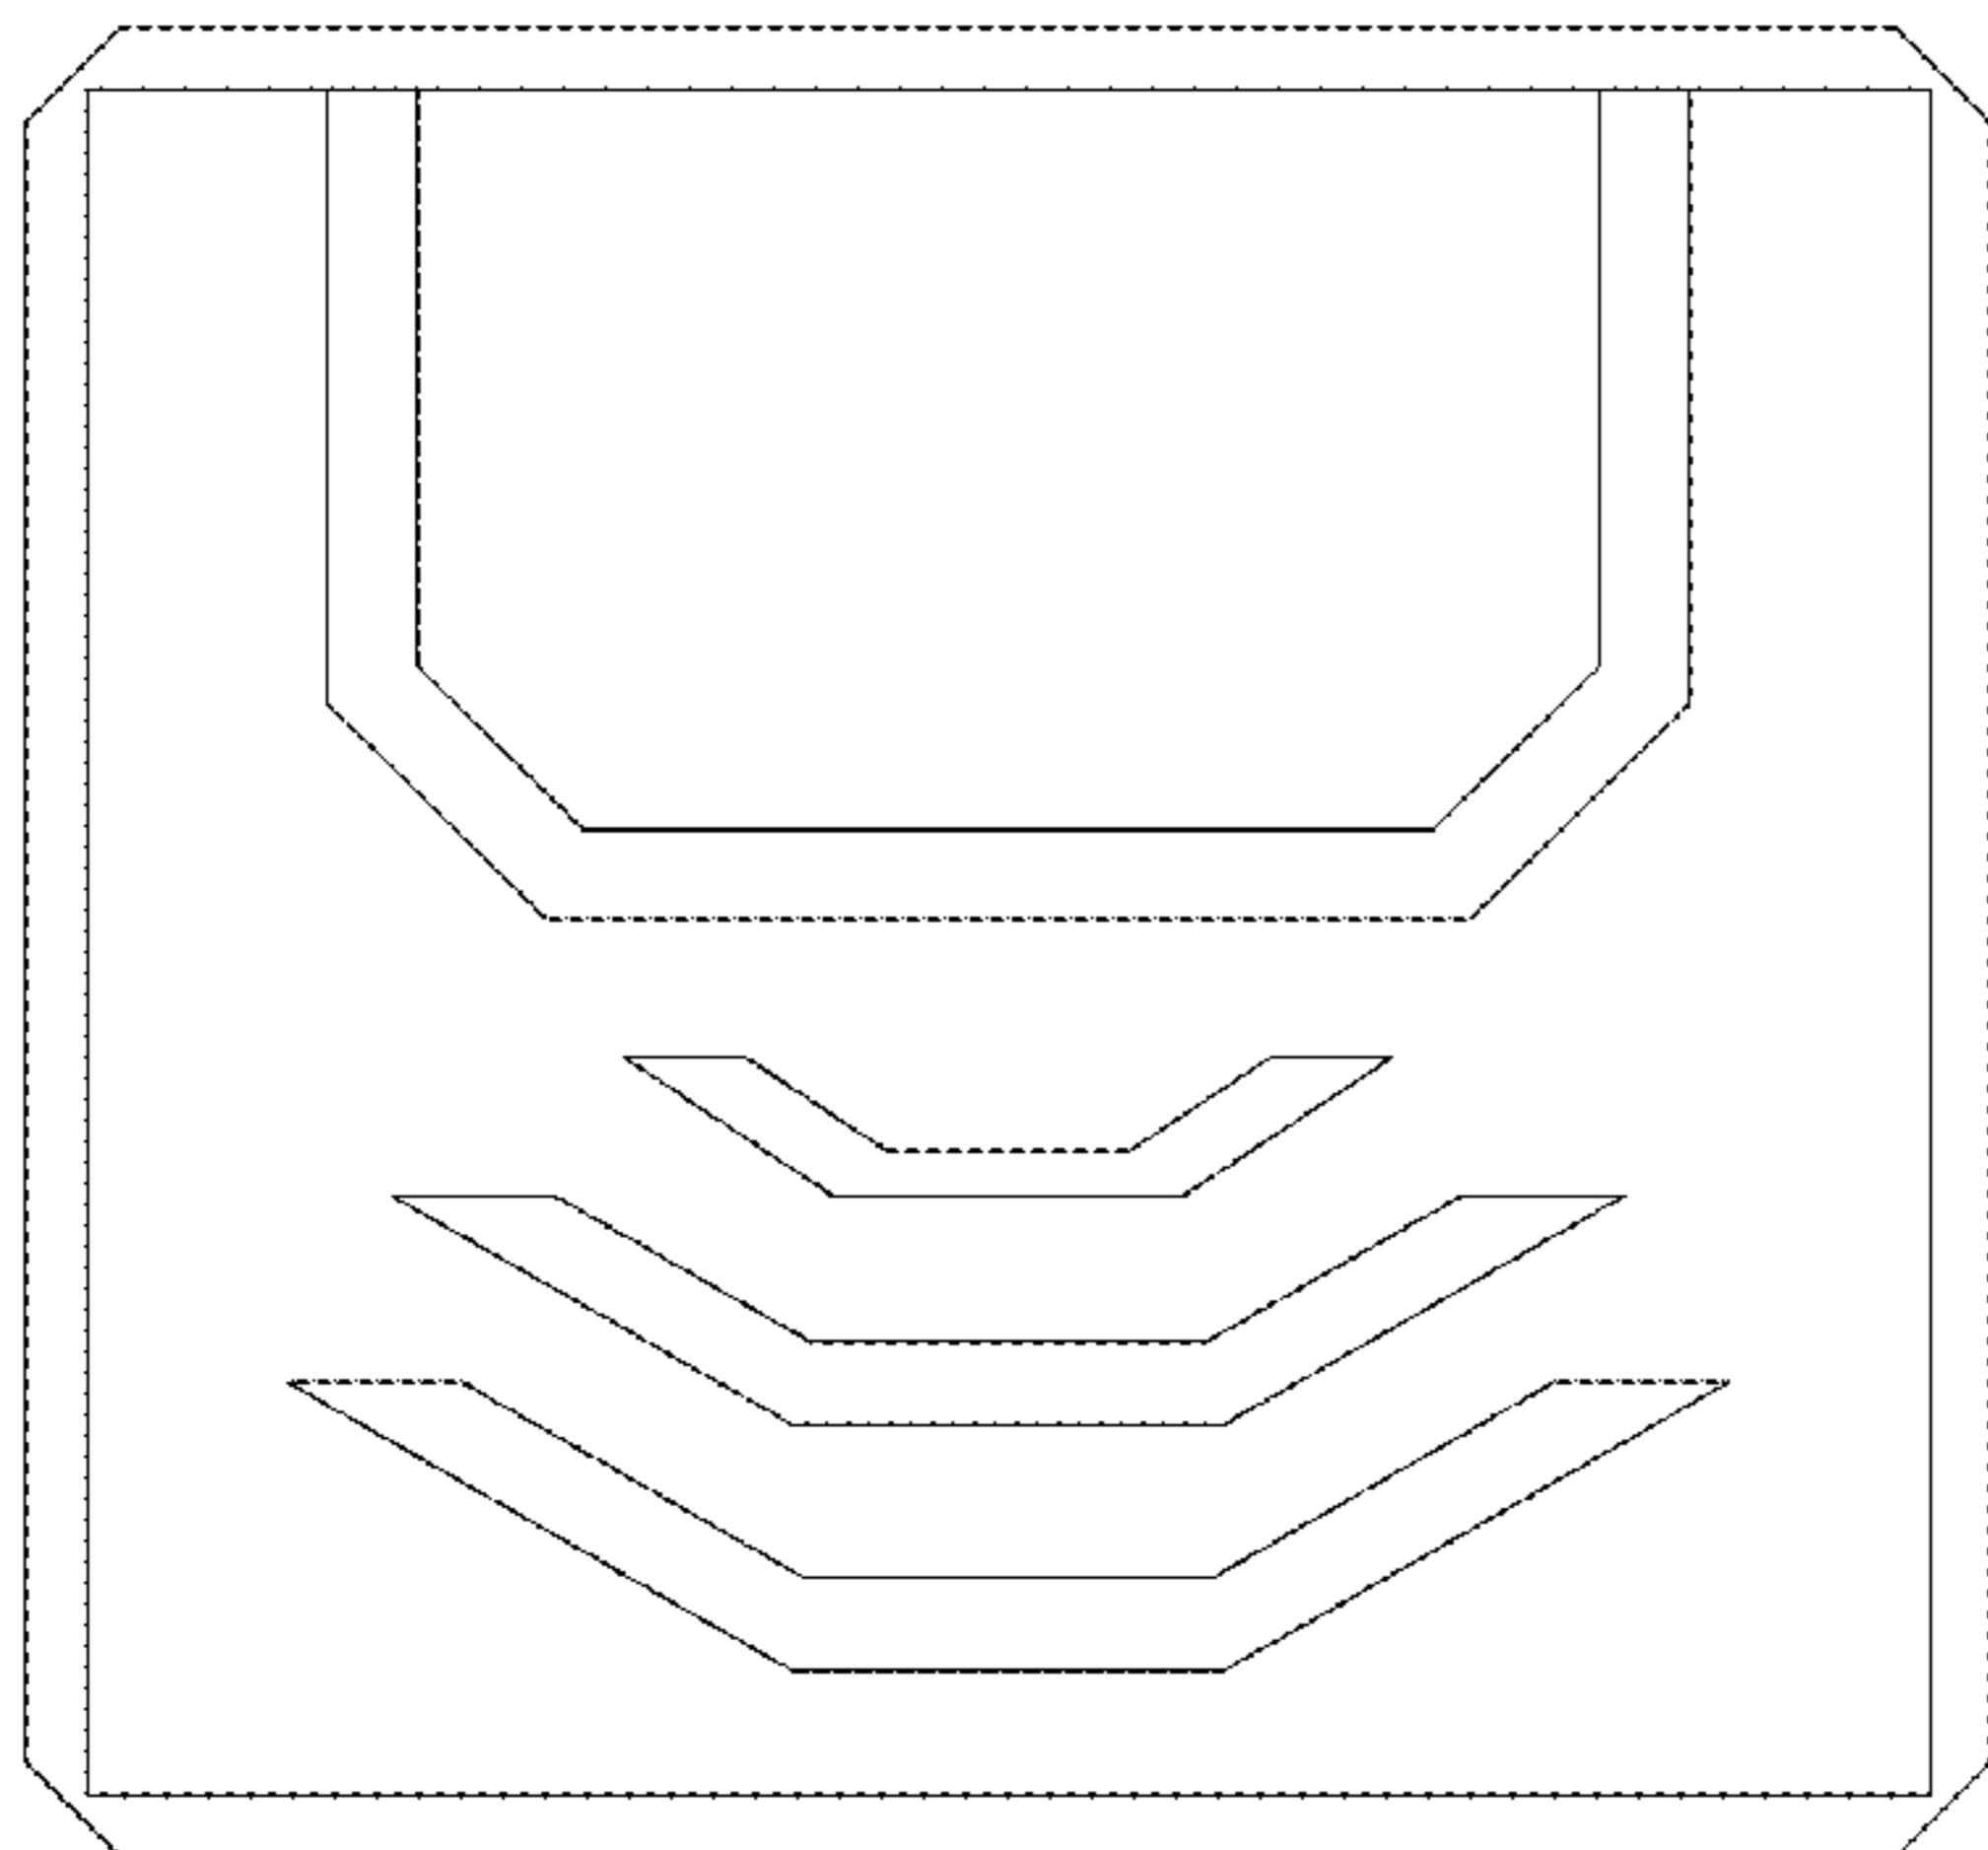

FIG. 3 is a second image thereof; and,

FIG. 4 shows the design of FIG. 3, shown enlarged for clarity of illustration.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1 and 3, and between FIGS. 2 and 4. The process or period in which one image transitions to another image forms no part of the claimed design.

The broken lines depicting a device, display screen and all other broken lines form no part of the claimed design.

1 Claim, 4 Drawing Sheets
