(57) **CLAIM**

The ornamental design for a camera for an onboard computer communication control system for vehicles, as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a top perspective view of a camera for an onboard computer communication control system for vehicles showing our new design;

FIG. 2 is a rear elevation view thereof;

FIG. 3 is a side elevation view thereof;

FIG. 4 is a bottom plan view thereof;

FIG. 5 is a top plan view thereof; and,

FIG. 6 is an opposite side elevation view thereof.

The broken lines depict portions of the camera for an onboard computer communication control system for vehicles in which the design is embodied that form no part of the claimed design.
