(57) **CLAIM**

The ornamental design for an orthodontic elastic attachment
for use with dental aligners, as shown and described.

DESCRIPTION

FIG. 1 is an oblique view of the first embodiment of an
orthodontic elastic attachment for use with dental aligners,
showing our new design;

FIG. 2 is a facial view thereof;

FIG. 3 is a lingual view thereof;

FIG. 4 is a mesial view thereof;

FIG. 5 is a distal view thereof;

FIG. 6 is an occlusal view thereof;

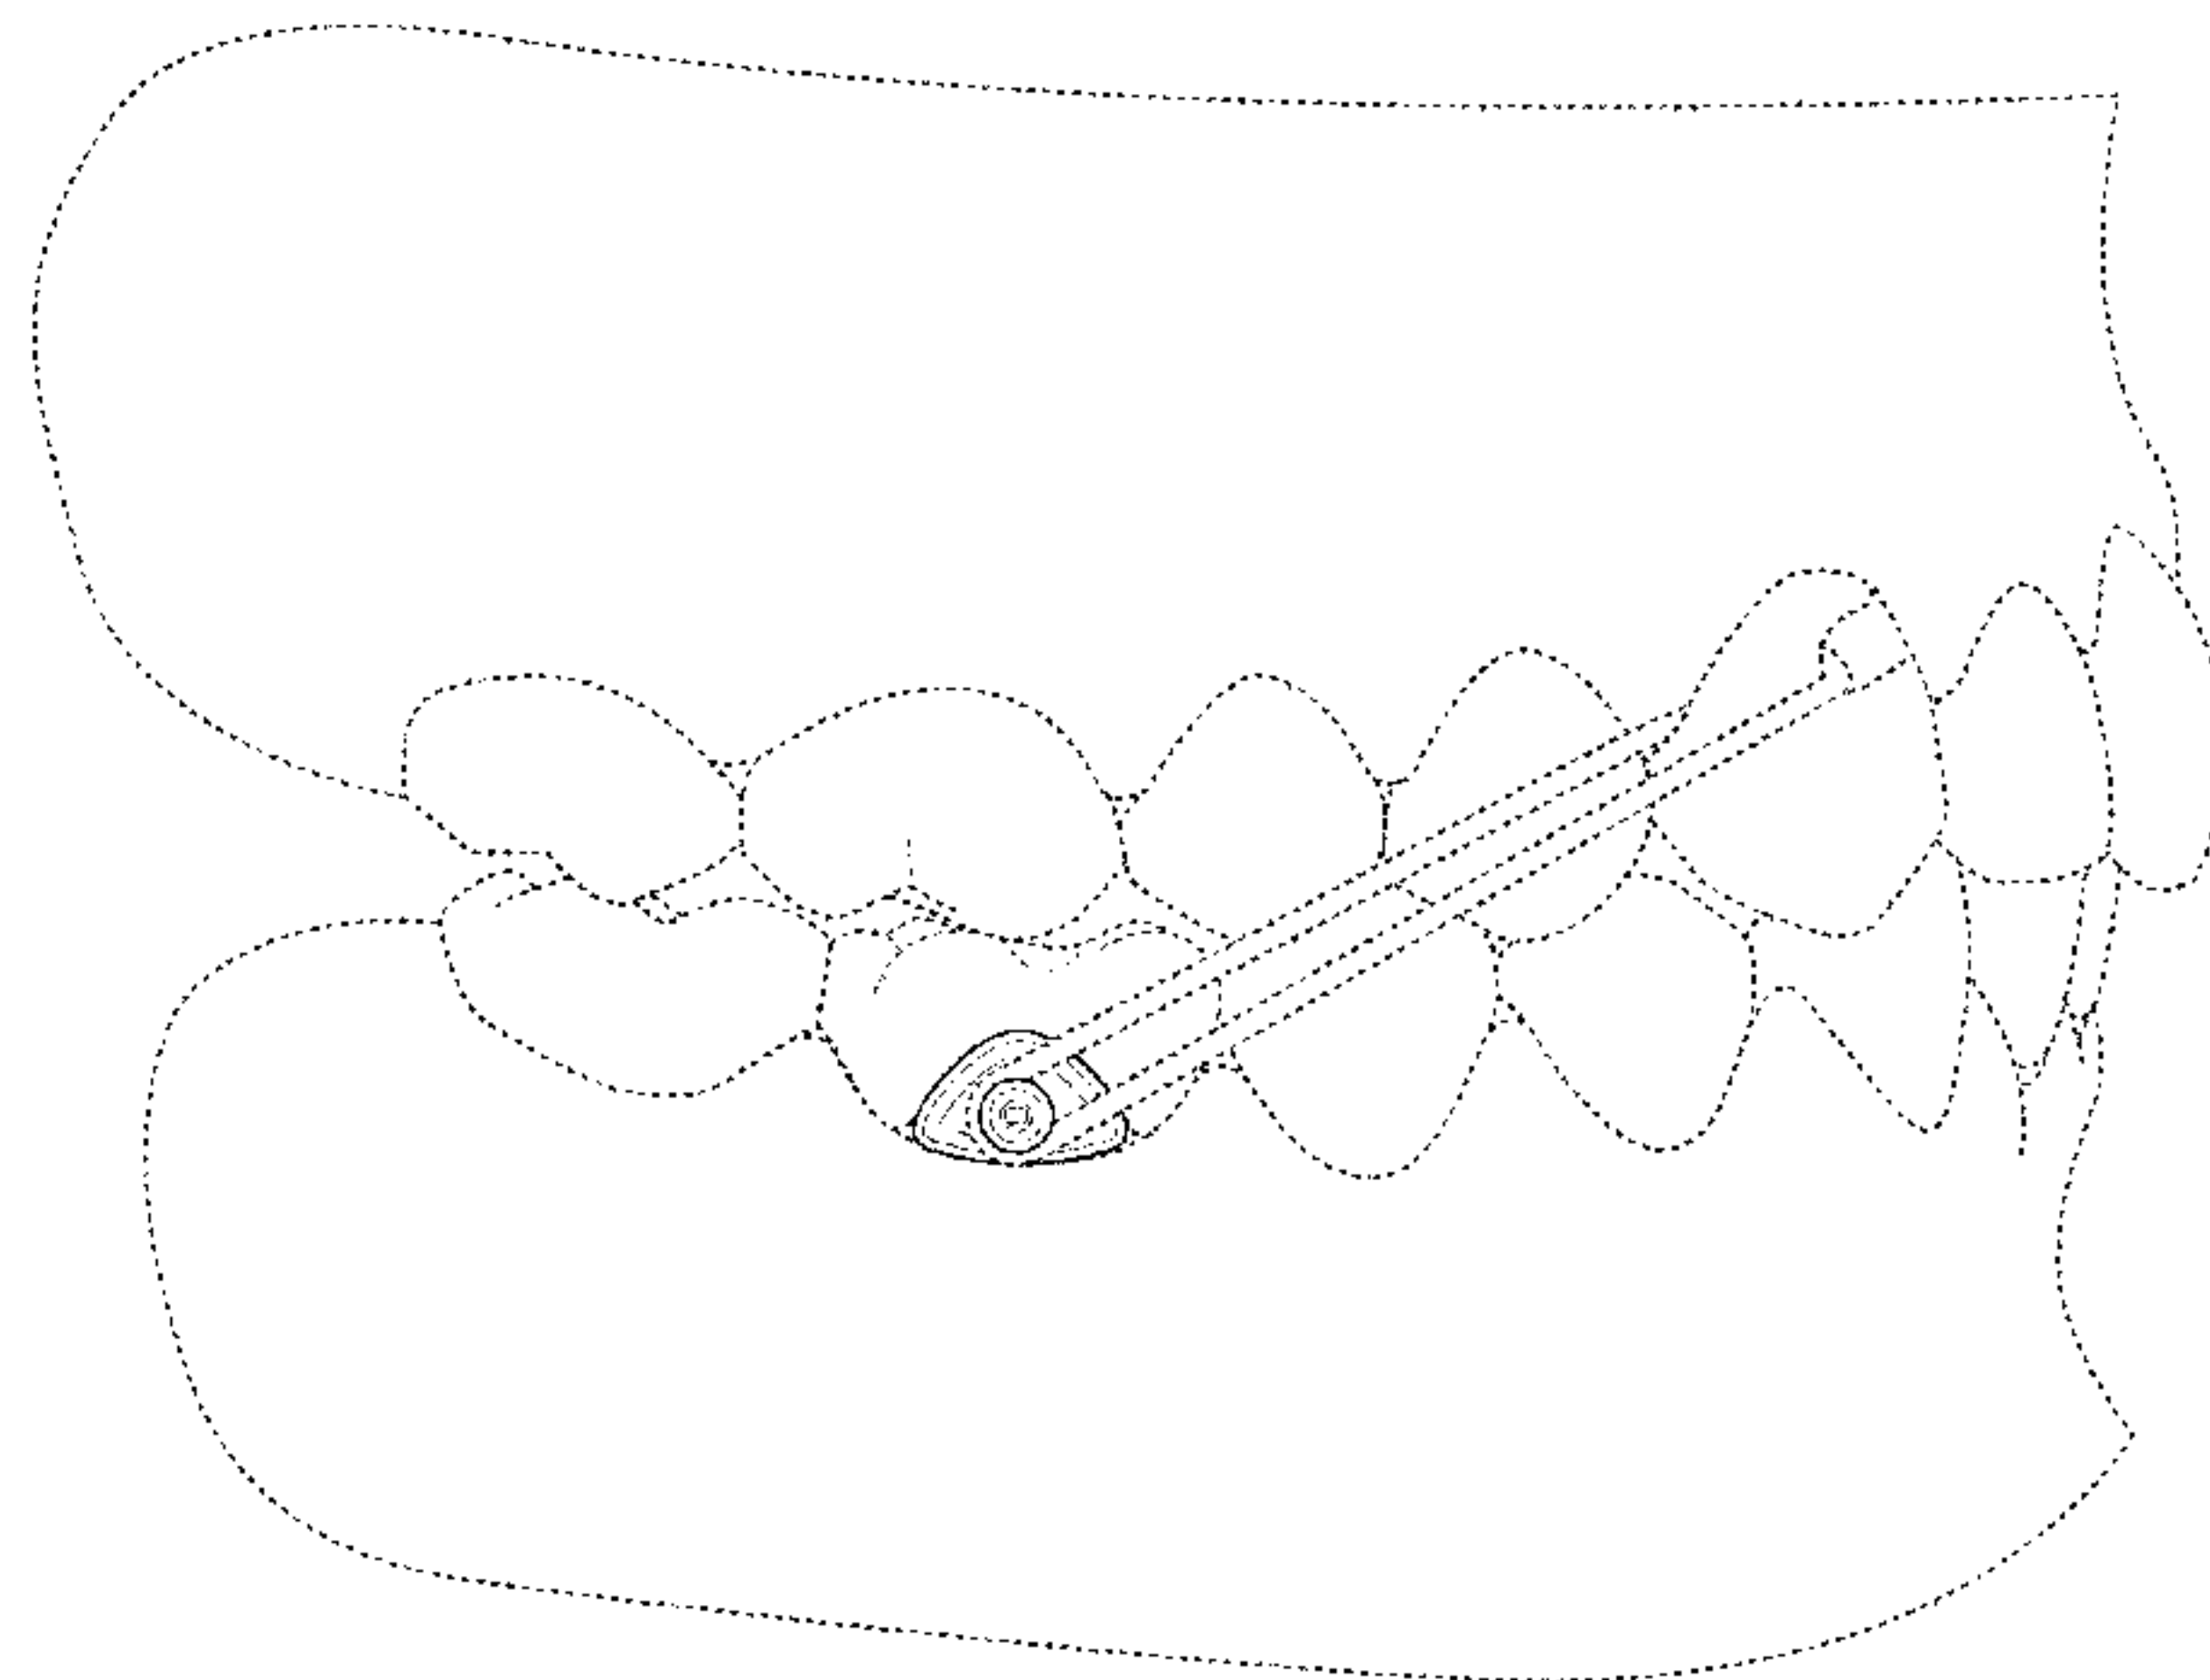

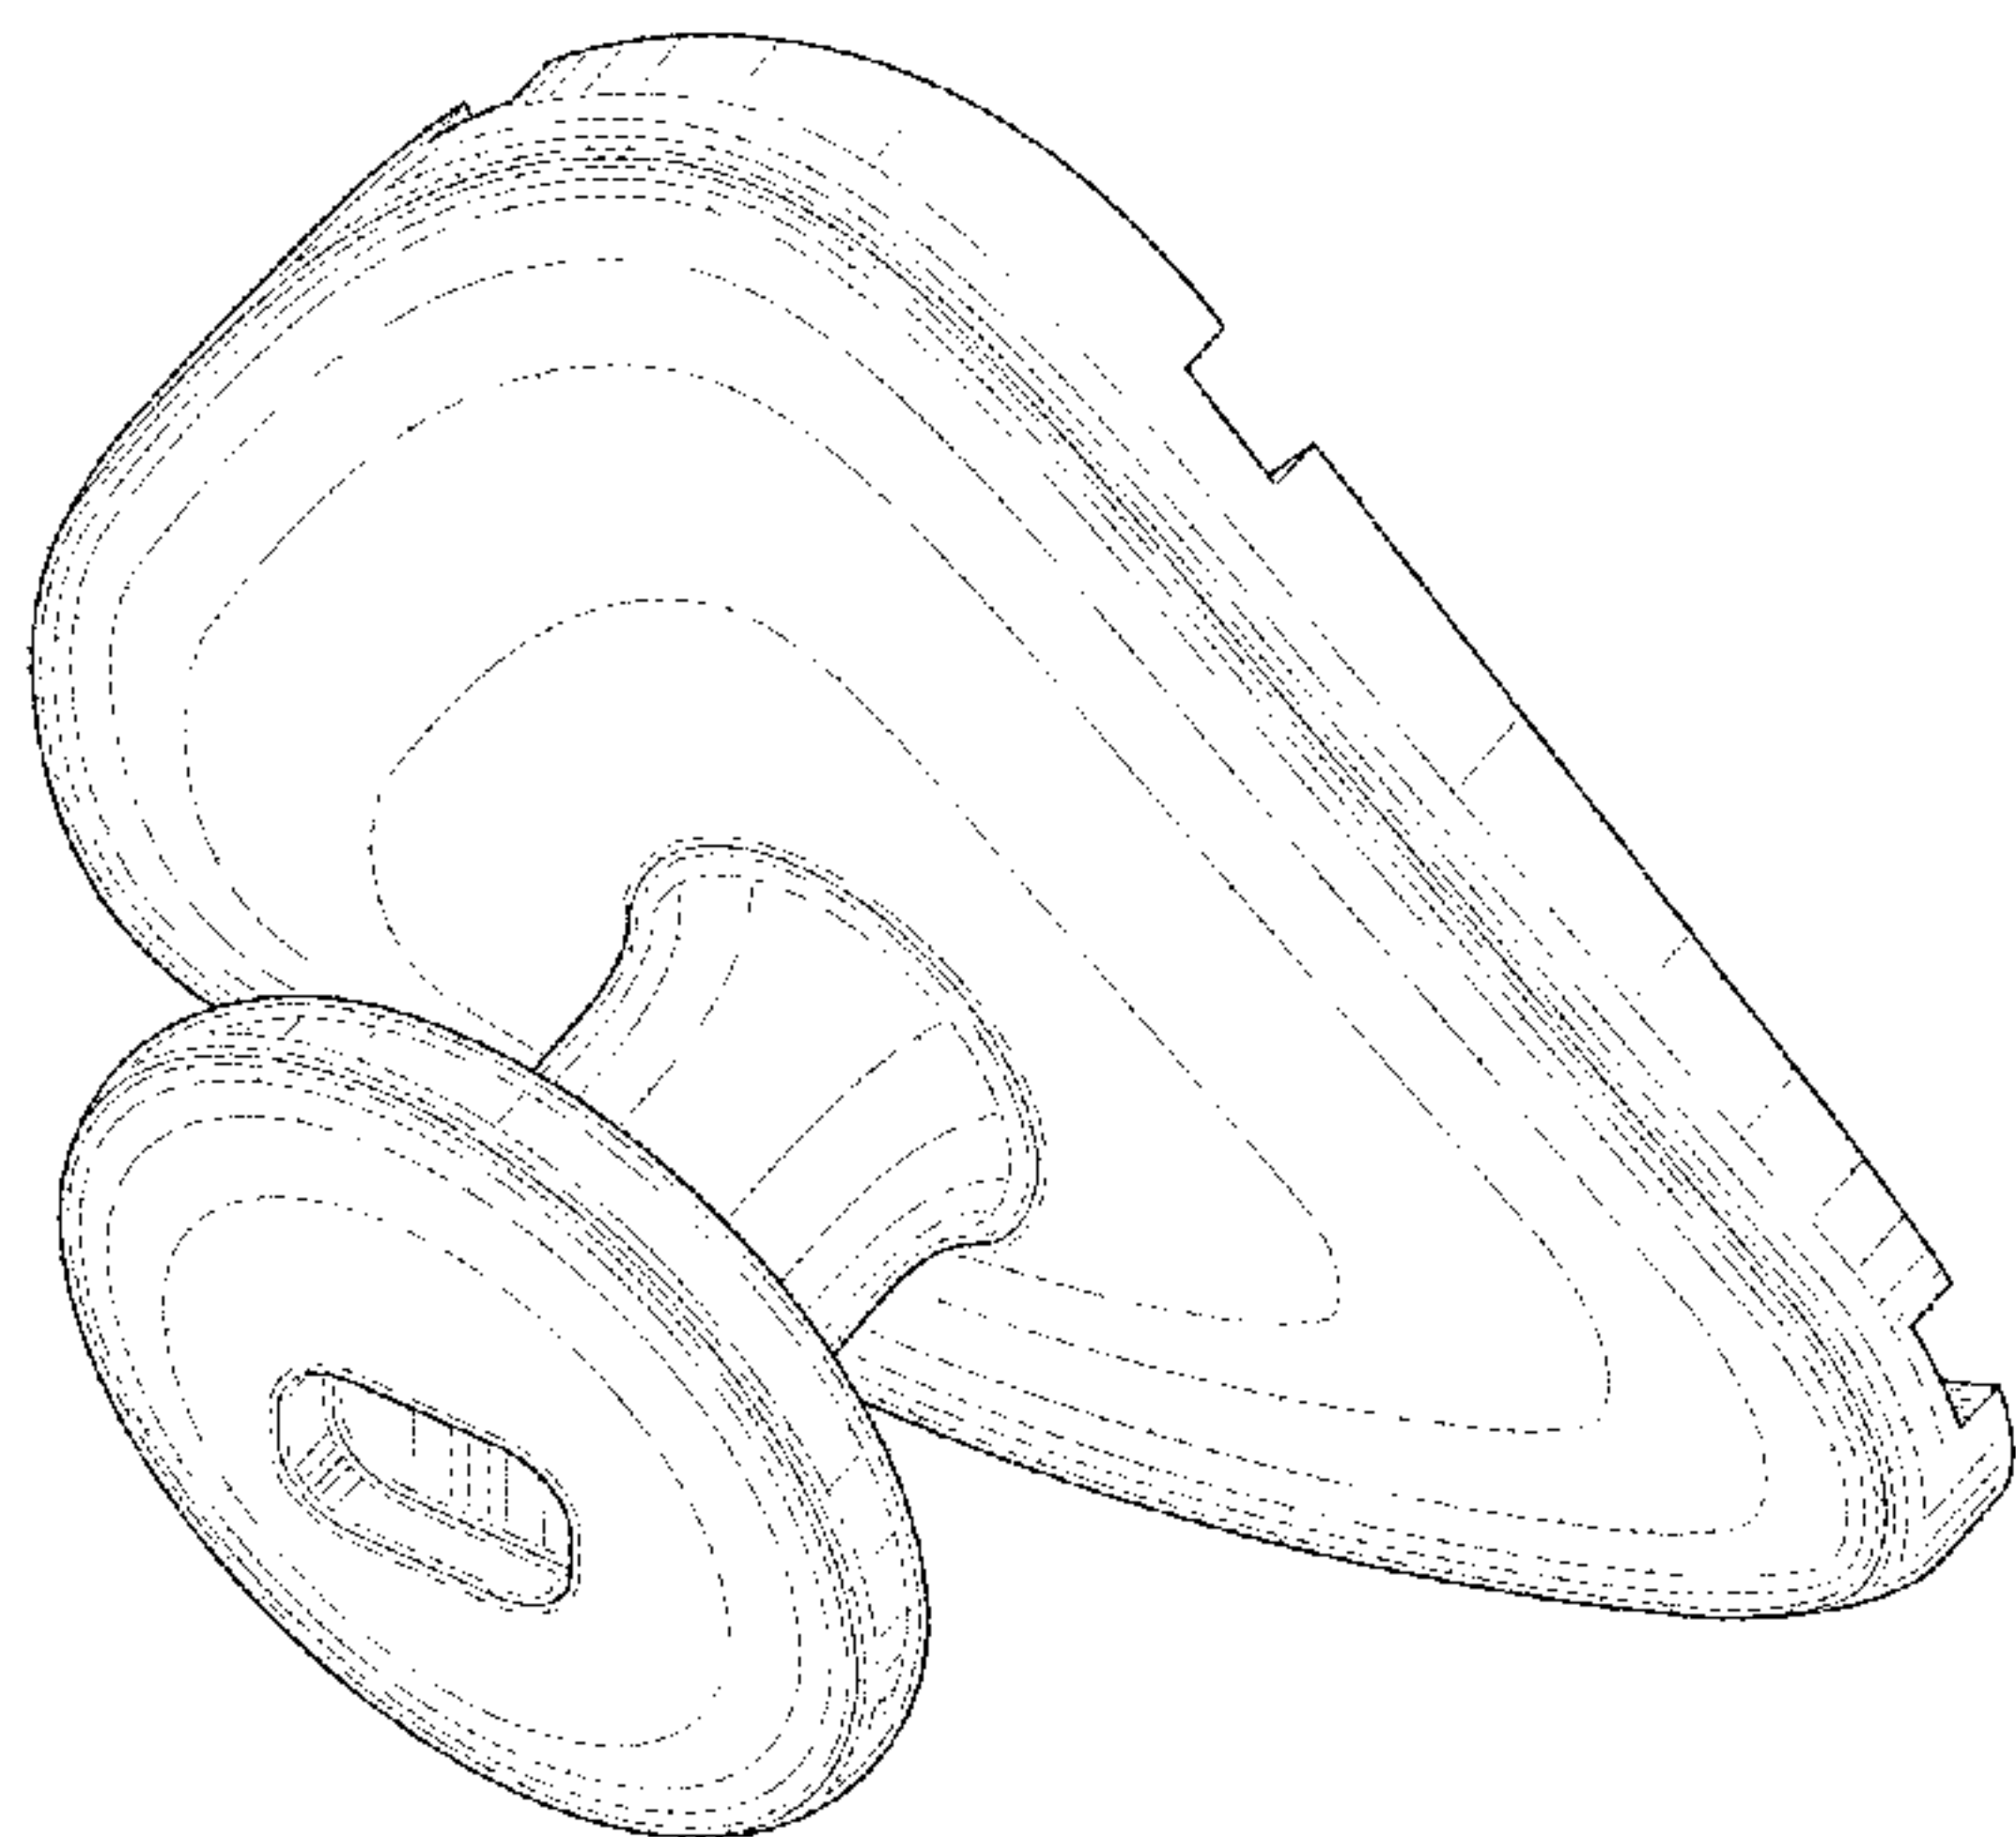

FIG. 7 is a gingival view thereof;

FIG. 8 is a facial view as applied with aligner and elastic
band embodiments on the teeth thereof; and,

FIG. 9 is an alternative facial view showing the intimate fit
between the aligner button, tooth surface, and the aligner
cutout window thereof.

The broken lines are for environmental purposes only and
form no part of the claimed design.
