(57) **CLAIM**

The ornamental design for a wearable chronometer, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of the wearable chronometer in accordance with the design;
FIG. 2 is a rear perspective view thereof;
FIG. 3 is a front elevational view thereof;
FIG. 4 is a rear elevational view thereof;
FIG. 5 is a first end elevational view thereof, the opposite end elevational view being a mirror image of the first end; and,
FIG. 6 is first side elevational view thereof, the opposite side elevational view being a mirror image of the first side.
The broken lines shown in the drawings illustrate portions of the wearable chronometer that form no part of the claimed design.
