(57) **CLAIM**

We claim the ornamental design for a touchscreen with a curved lens for an electronic device, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a first embodiment of an electronic device including a touchscreen with a curved lens showing the new design.

FIG. 2 is a front view thereof.

FIG. 3 is a rear view thereof.

FIG. 4 is a right side view thereof.

FIG. 5 is a left side view thereof.

FIG. 6 is a top view thereof.

FIG. 7 is a bottom view thereof.

FIG. 8 is a front perspective view of a second embodiment of an electronic device including a touchscreen with a curved lens showing the new design.

FIG. 9 is a front view thereof.

FIG. 10 is a rear view thereof.

FIG. 11 is a right side view thereof.

FIG. 12 is a left side view thereof.

FIG. 13 is a top view thereof; and,

FIG. 14 is a bottom view thereof.

The ornamental design which is claimed is shown in solid lines in the drawings. Broken lines are for illustrative purposes only and form no part of the claimed design. The stippling in FIGS. 1, 2, 8, and 9 is used to indicate a contrast in appearance between the transparent lens and the front surface of the electronic device, with no specific color, material, texture, or other feature being claimed. The stippling does not indicate a contrast in appearance between the front surface of the electronic device and portions of the electronic device other than the transparent lens.
