(57) **CLAIM**

The ornamental design for battery charger, substantially as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the battery charger with charging cables tucked into the charger body.  
FIG. 2 is a perspective view of the battery charger with charging cables removed from the charger body.  
FIG. 3 is a front view of the battery charger.  
FIG. 4 is a back view of the battery charger.  
FIG. 5 is a side view of the battery charger.  
FIG. 6 is a top view of the battery charger.  
FIG. 7 is a bottom view of the battery charger.  
FIG. 8 is a top view of the battery charger, with charging cables removed from the charger body; and,  
FIG. 9 is a perspective view of the battery charger in use, showing that the battery charger may be used with a mobile device, showing a charging cable removed from the charger body and plugged into the mobile device.  
The broken lines are directed to environment and are for illustrative purposes only. The broken lines form no part of the claimed design.  
The battery charger is not limited to the scale shown herein.
