(Continued)

1. Television receiver
1.1 is a front perspective view of a television receiver showing the new design;
1.2 is a front view thereof;
1.3 is a back view thereof;
1.4 is a left view thereof where the right view is a mirror image;
1.5 is a top view thereof;
1.6 is a bottom view thereof;
1.7 is another front view of the television receiver shown in use with a shelf attached to the bottom;
1.8 is another front perspective view of the television receiver in an alternate configuration;
1.9 is a front view thereof;
1.10 is a back view thereof;
1.11 is a left view thereof where the right view is a mirror image;
1.12 is a top view thereof; and
1.13 is a bottom view thereof.

The broken lines depict portions of the television receiver that form no part of the claimed design.

(Continued)

The design is for a furniture type television receiver that combines television and furniture, and the front panel can be pushed to the left or to the right to open or close the panel.
