(57) **CLAIM**

The ornamental design for a plug connector used for power transmission, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a plug connector used for power transmission showing my new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a left side elevational view thereof; FIG. 4 is a right side elevational view thereof; FIG. 5 is a top plan view thereof; and, FIG. 6 is a bottom plan view thereof. The broken lines in the drawings are used for the purpose of illustrating portions of the plug connector that form no part of the claimed design.
