FIG. 1 is a front view of an electronic device having a display screen with graphical user interface applied to the display screen, showing the claimed design; and, FIG. 2 is a front view of an alternative electronic device showing the graphical user interface of FIG. 1 applied thereto.

The outer broken lines in the figures show an electronic device having a display screen, or an alternative electronic device having a display screen, and form no part of the claimed design. The other broken lines in the figures show elements of the graphical user interface that form no part of the claimed design.
