(57) **CLAIM**

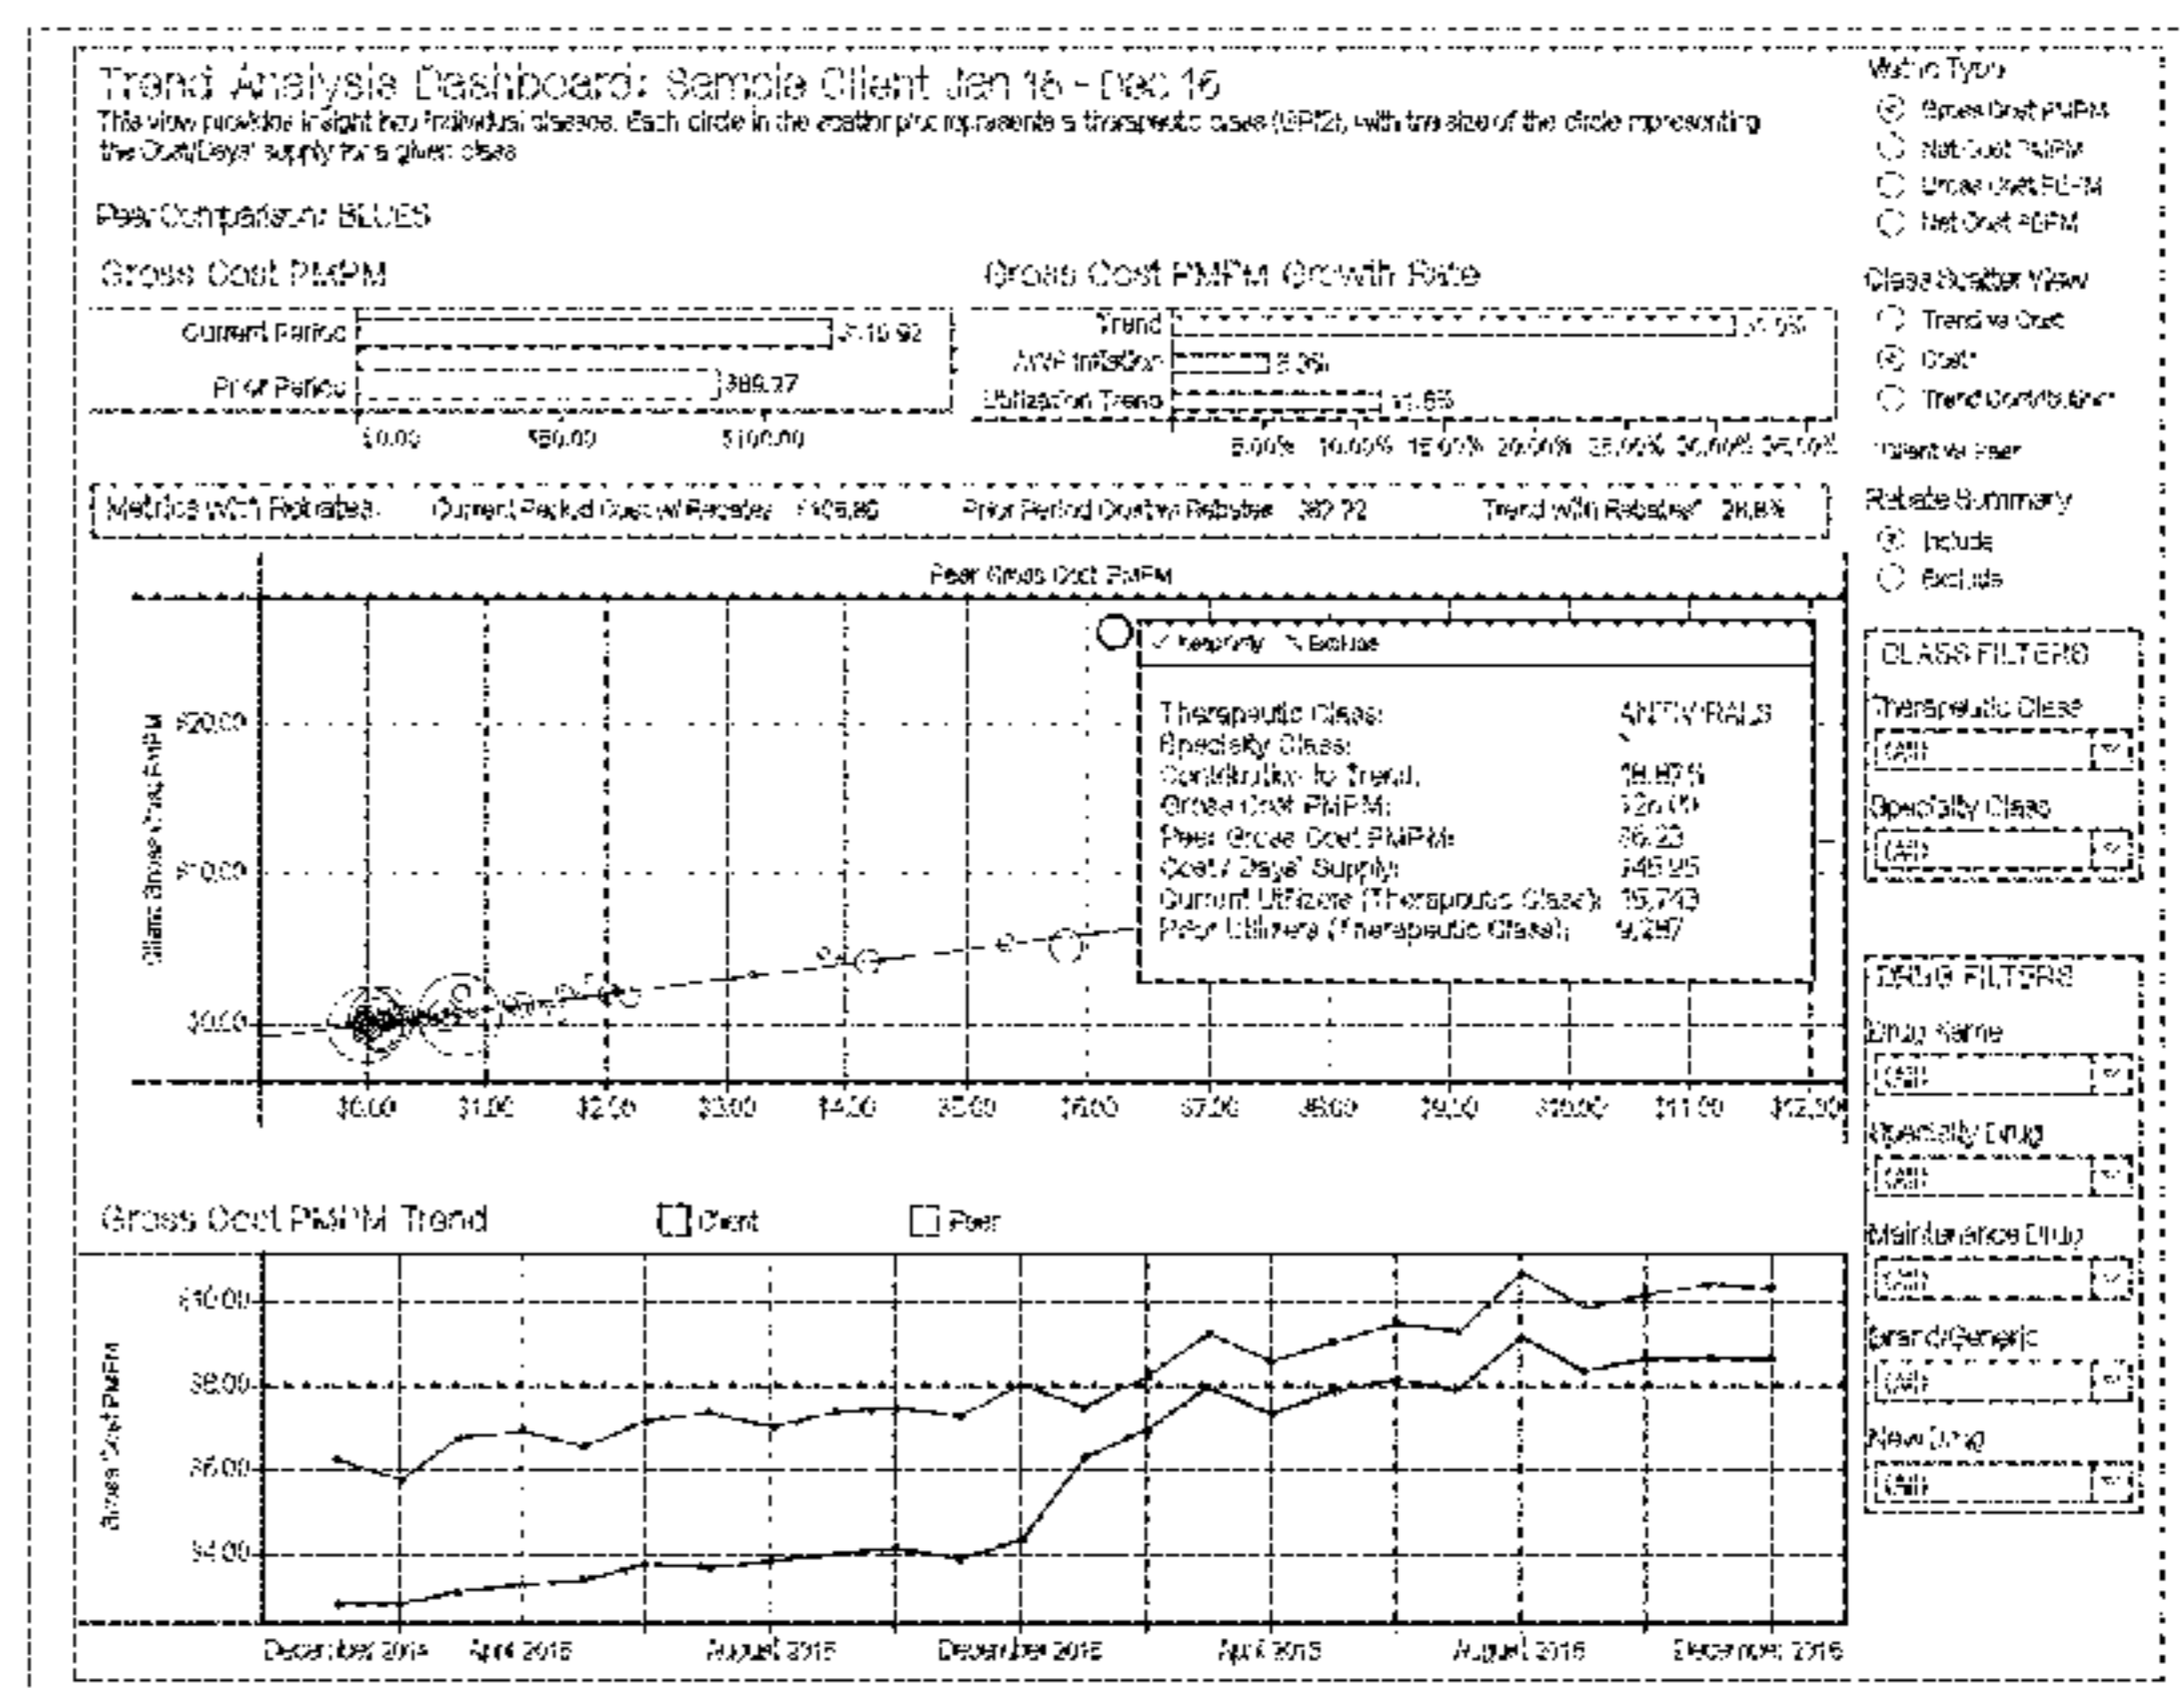

The ornamental design for a display screen or a portion thereof with animated graphical user interface for data analysis reporting, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a first image of a display screen or a portion thereof with animated graphical user interface for data analysis reporting showing our new design; and, FIG. 2 is a front view of a second image thereof.

The appearance of the animated graphical user interface transitions sequentially between the images shown in FIGS. 1 and 2. The process or period in which one image transitions to another image forms no part of the claimed design. The outermost broken line showing a display screen or portion thereof, and all other broken lines showing portions of the graphical user interface, illustrate portions of the article and do not form part of the claimed design.
