(57) **CLAIM**

The ornamental design for a headband with surface texture, as shown and described.

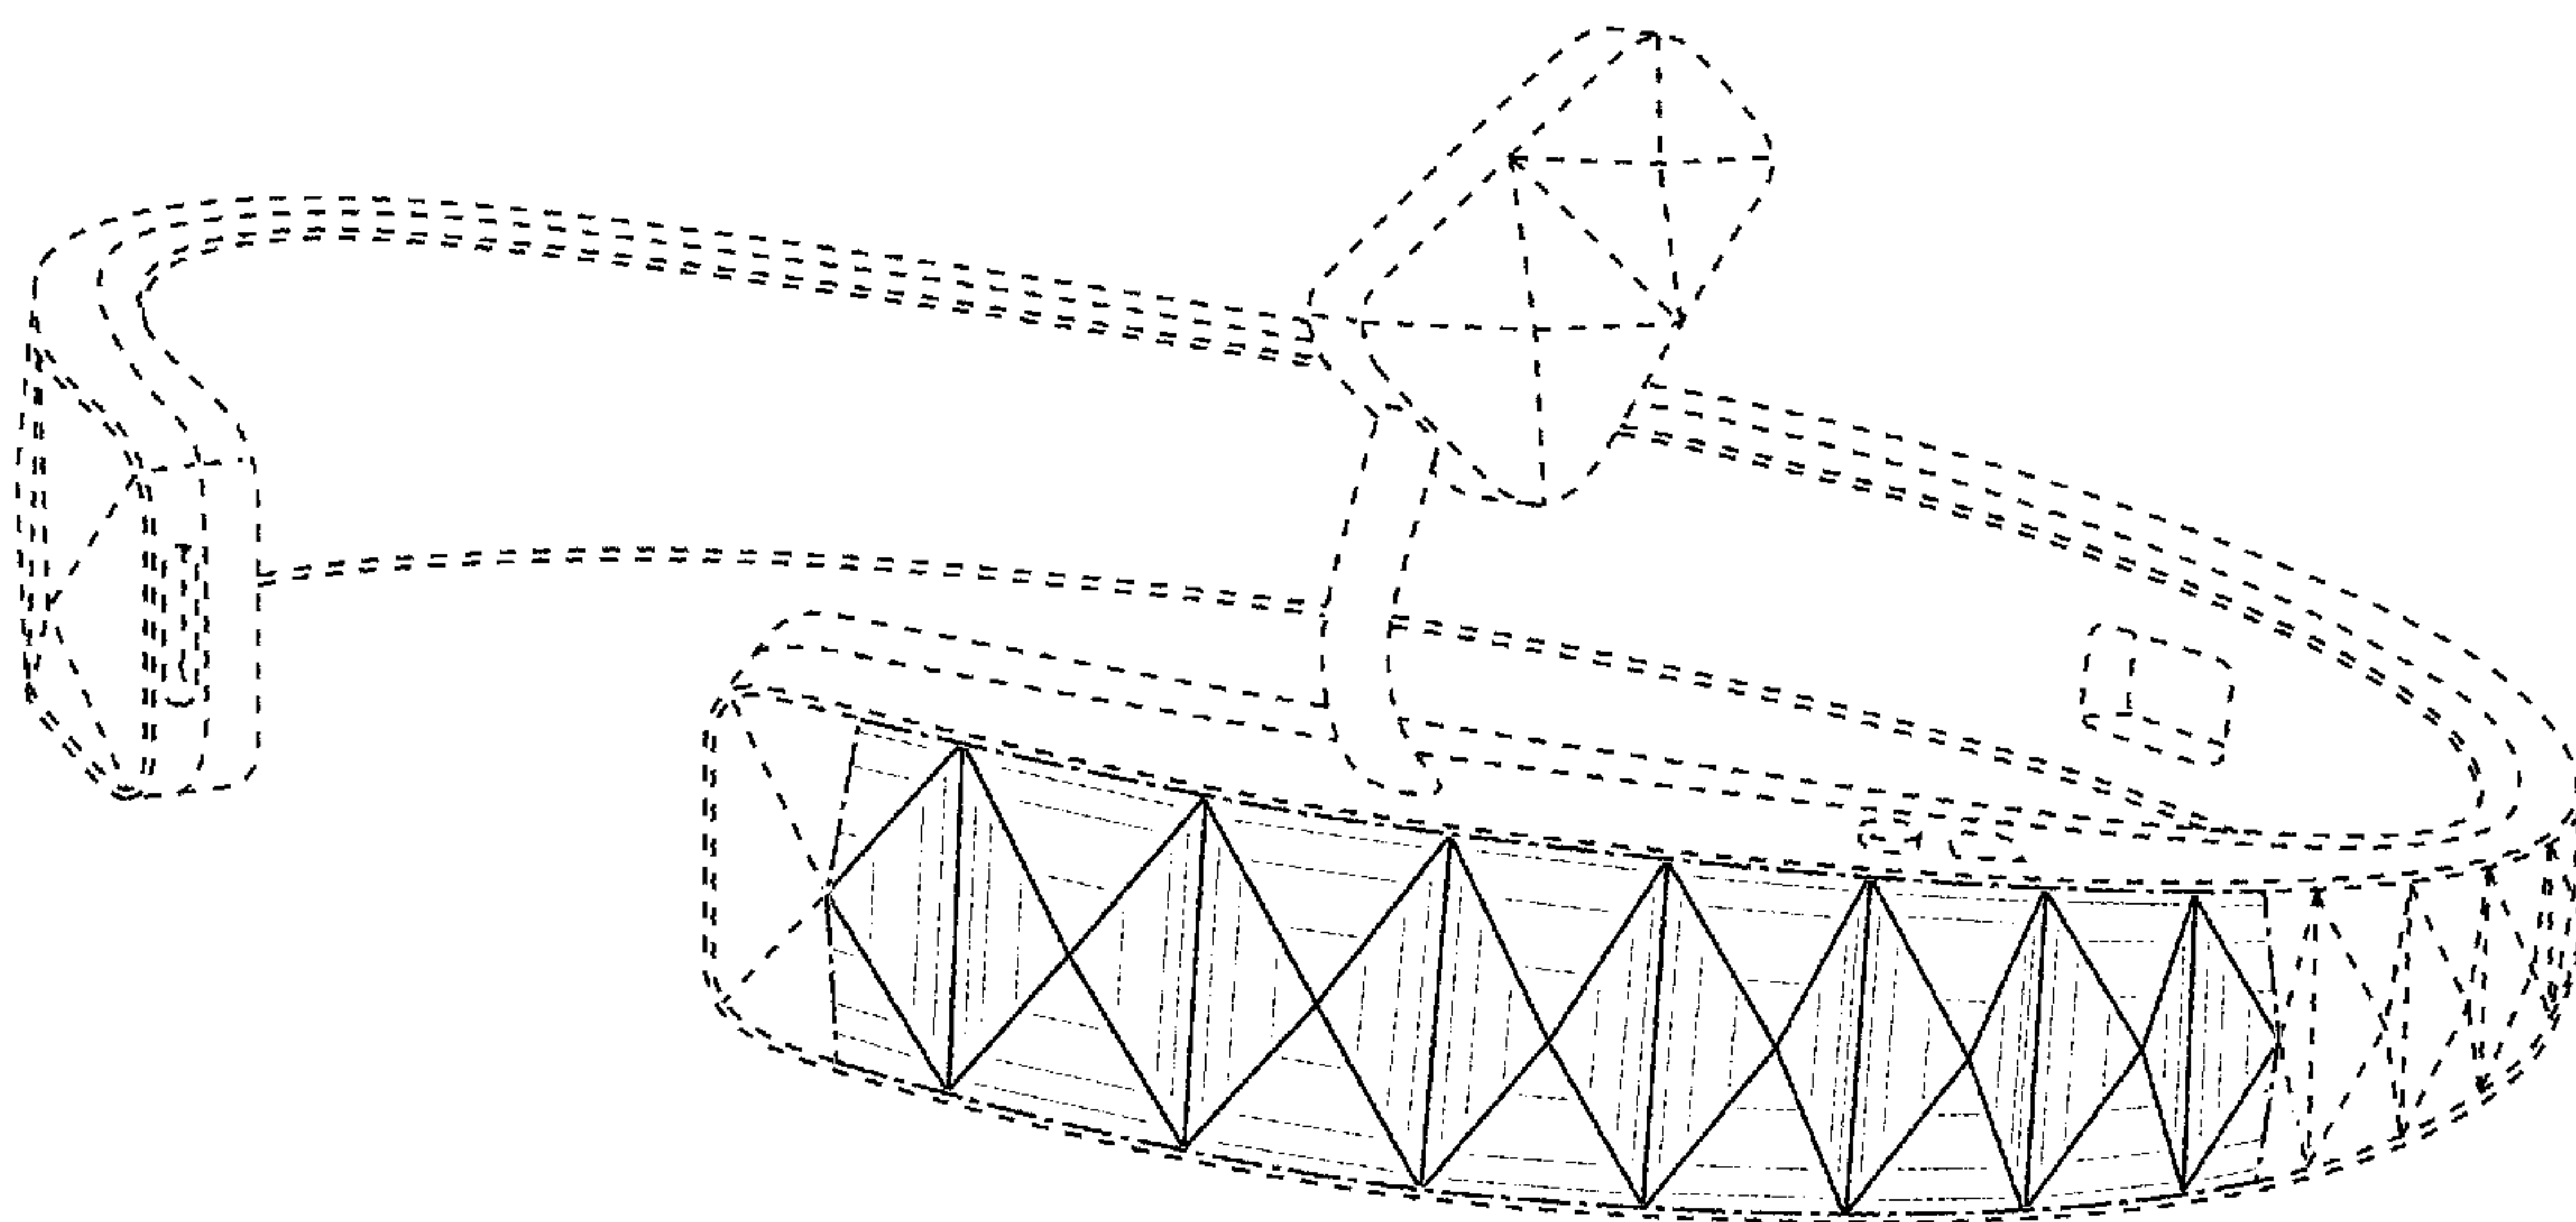

### DESCRIPTION

FIG. 1 is a bottom, rear, right perspective view of a headband with surface texture, showing my new design; FIG. 2 is a bottom, front, left perspective view thereof; FIG. 3 is a top, front, right perspective view thereof; FIG. 4 is a front elevation view thereof; FIG. 5 is a rear elevation view thereof; FIG. 6 is left side elevation view thereof; FIG. 7 is right side elevation view thereof; FIG. 8 is a top plan view thereof; and, FIG. 9 is a bottom plan view thereof.

The broken lines of even length shown in the drawings illustrate portions of the headband with surface texture that form no part of the claimed design. The uneven length broken lines illustrate the boundary of the claimed design, and form no part thereof.

Inventive aspects of the current design exist in the headband with surface texture as a whole, in individual portions and elements therefore, such as the surface ornamentation as applied to the headband, and in combinations of portions and elements therefore.
