(57) **CLAIM**

The ornamental design for a mobile communication terminal display screen with graphical user interface, as shown and described.

**DESCRIPTION**

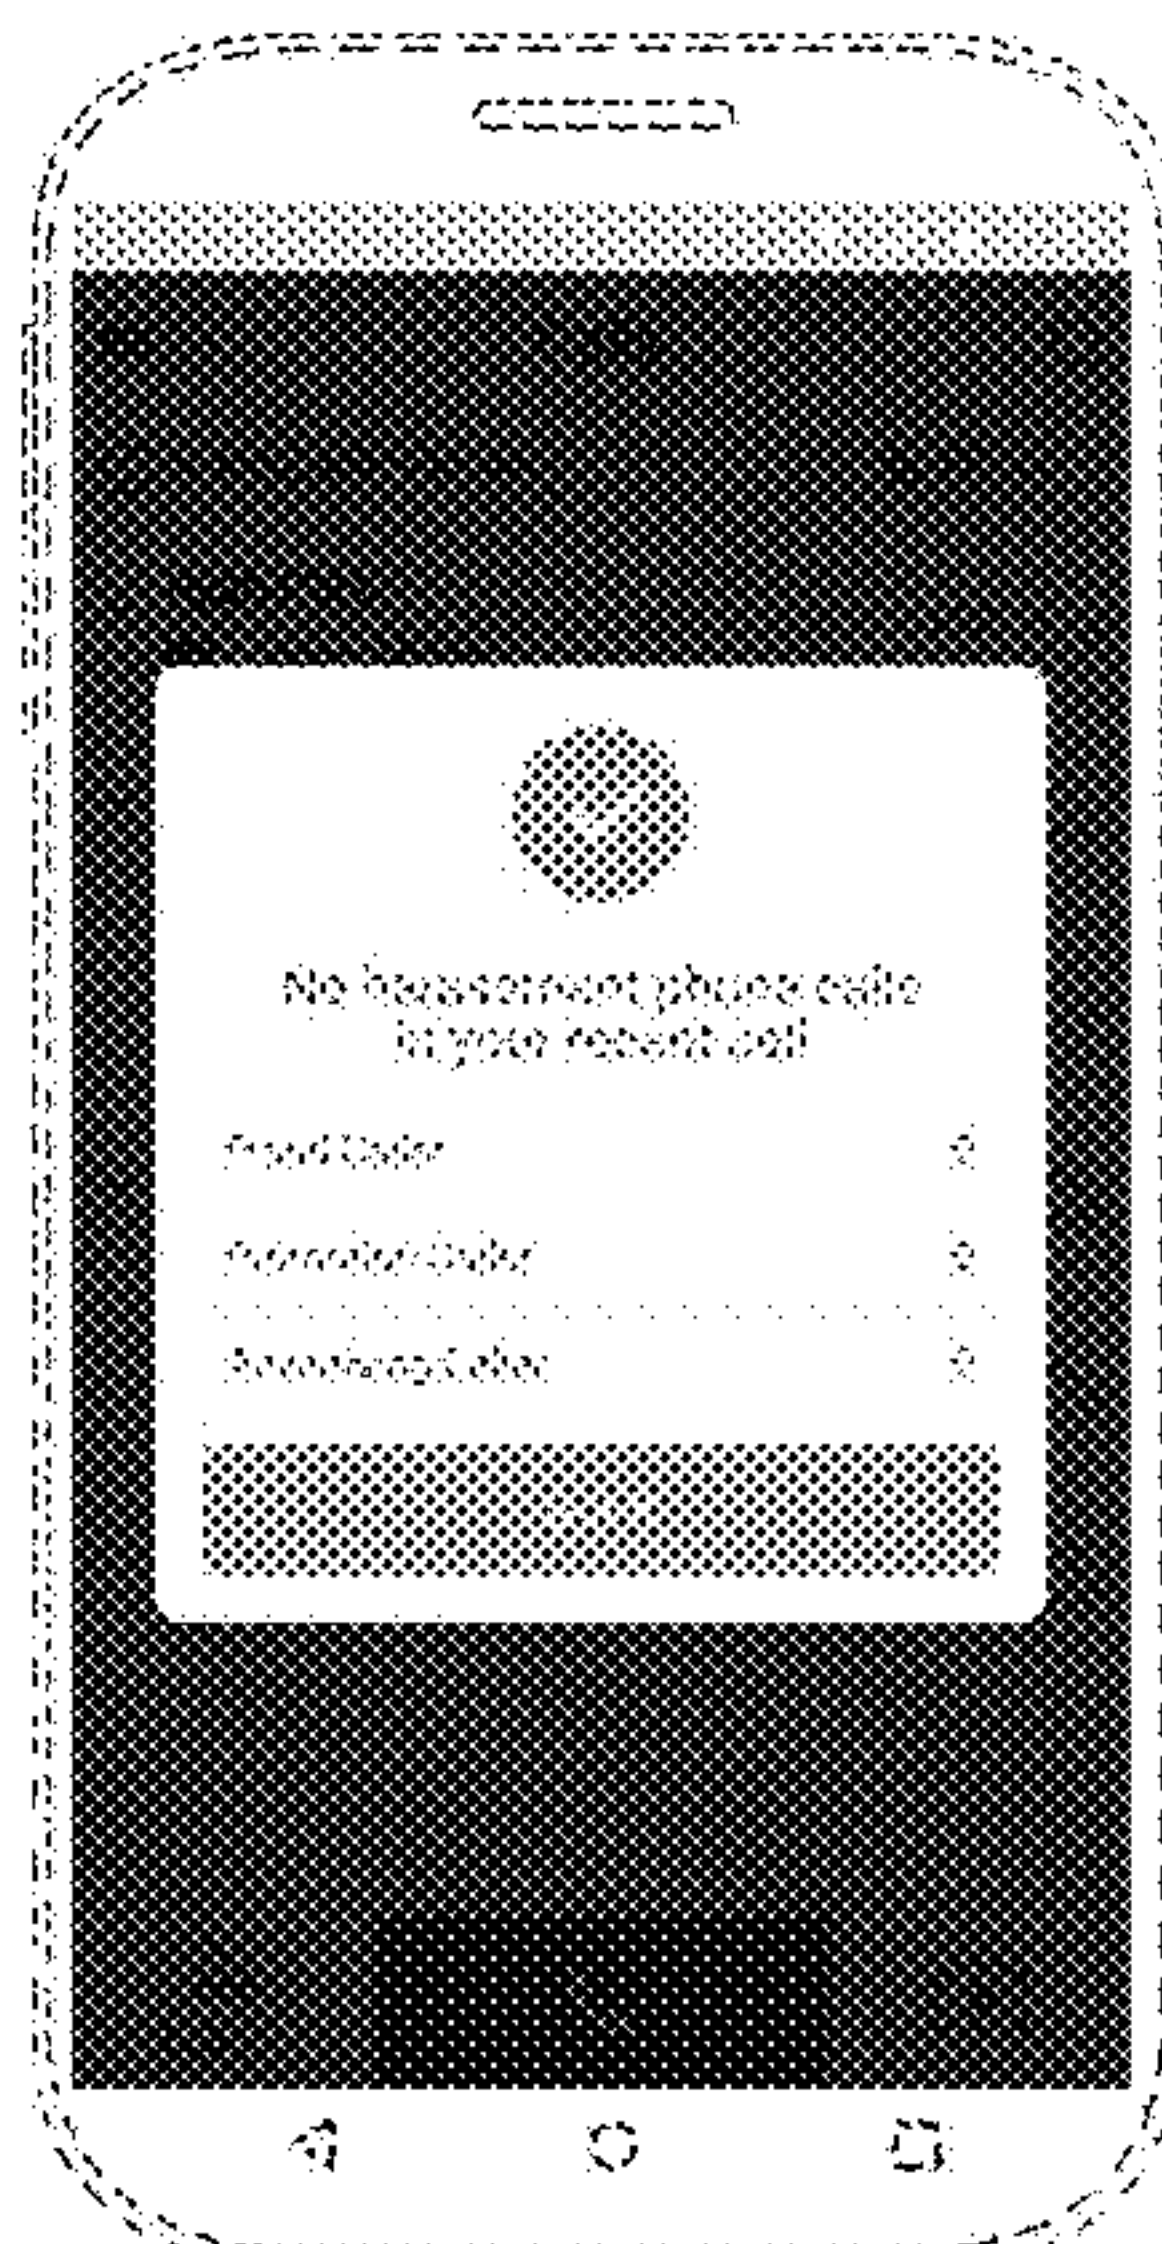

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawings(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a mobile communication terminal display screen with graphical user interface showing a first embodiment of the new design; and,

FIG. 2 is a second embodiment thereof.

The broken line showing of the electronic device is provided for the purpose of illustrating environmental structure and forms no part of the claimed design. The opaque, white areas shown in the figures form part of the claimed design.
