(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen or portion thereof with graphical user interface, showing our new design.

The outer perimeter illustrated by a pair of dashed broken lines represents the display screen or portion thereof and forms no part of the claimed design. The remaining dashed broken lines in the drawings illustrate portions of the graphical user interface that form no part of the claimed design.

The dense stipple shading within the solid line circle indicates a contrast in appearance, and forms part of the claimed design. The stipple shading outside the solid line circle represents unclaimed subject matter.
