(57) **CLAIM**

I claim the ornamental design for the display screen or portion thereof with transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with transitional graphical user interface showing my new design in a first state; and, FIG. 2 is a front view thereof in a second state.

The broken lines in the figures depict environmental subject matter and form no part of the claimed design. The outermost broken lines in the figures show a display screen or portion thereof and form no part of the claimed design. The appearance of the animated user interface sequentially tran-
