(57) **CLAIM**

The ornamental design for a transcutaneous electrical nerve stimulation device strap, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of a transcutaneous electrical nerve stimulation device strap, showing our new design;

FIG. 2 is a front view thereof;

FIG. 3 is a rear view thereof;

FIG. 4 is a top view of thereof;

FIG. 5 is a bottom view thereof;

FIG. 6 is a right side view thereof; and,

FIG. 7 is a left side view thereof.

The broken lines shown in the figures are for the purposes of illustrating portions of the transcutaneous electrical nerve stimulation device strap, which form no part of the claimed design.
