(57) **CLAIM**

The ornamental design for modular shelving, as shown and described.

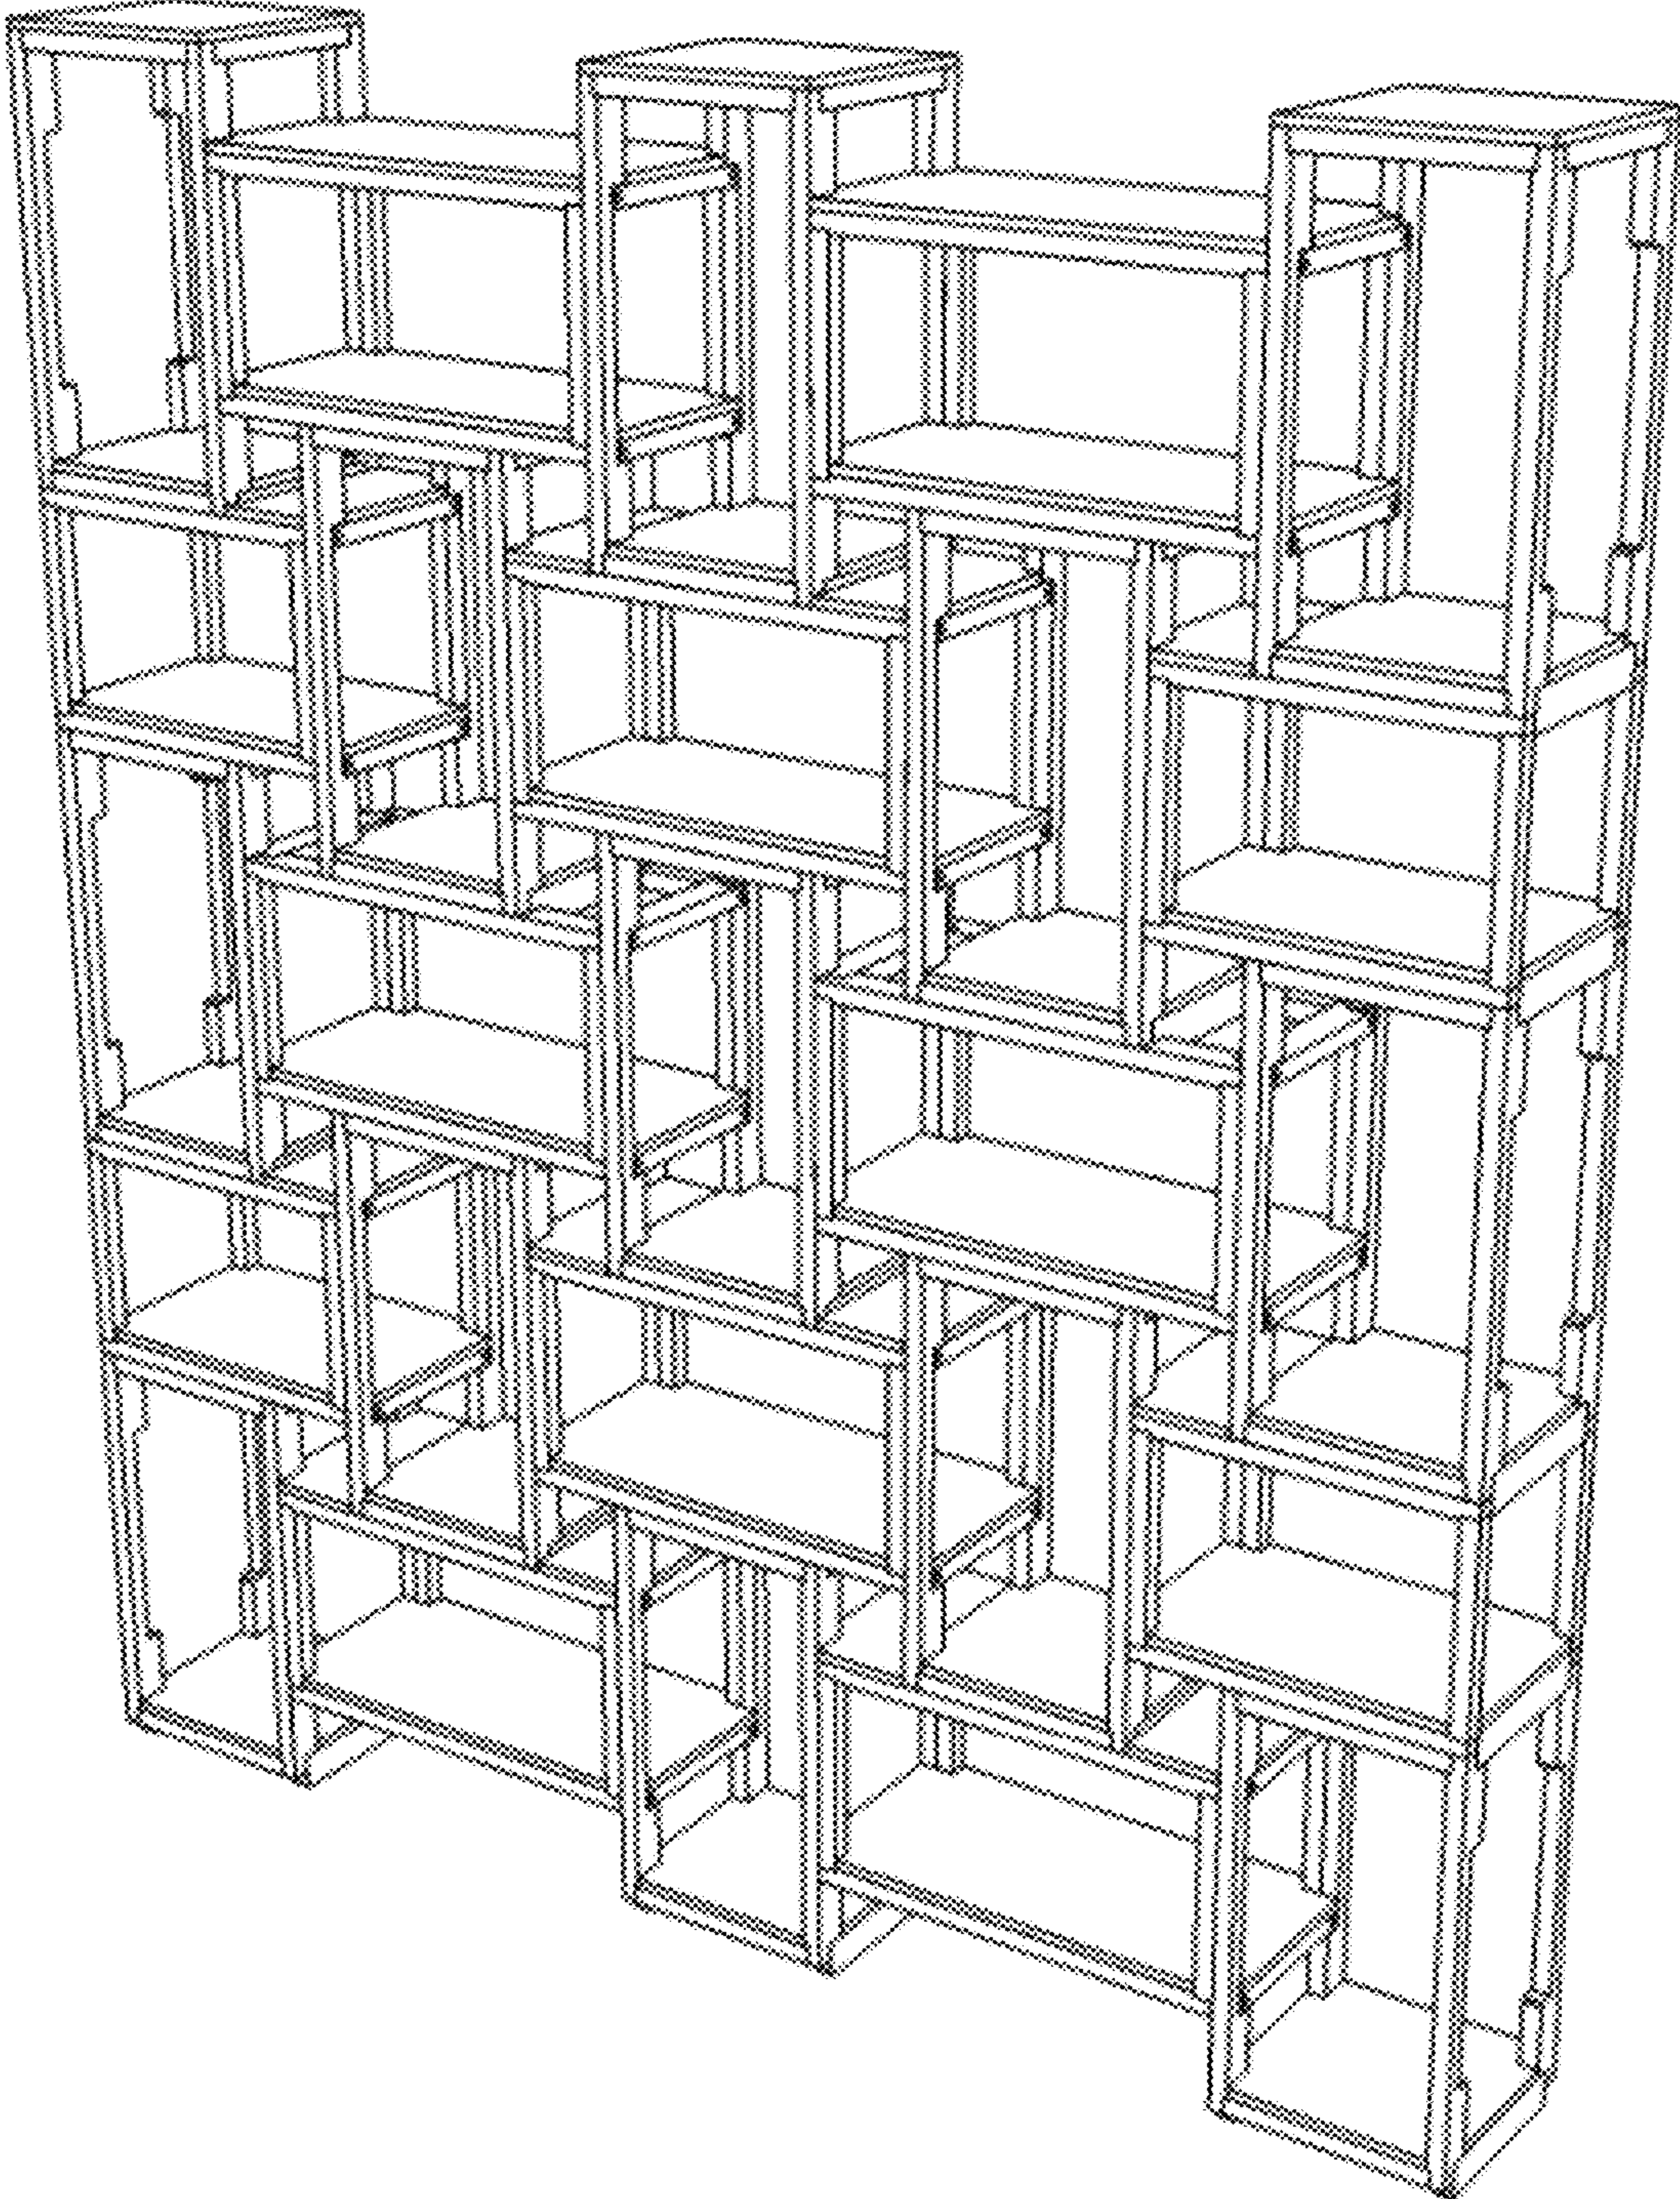

DESCRIPTION

1. Modular shelving
1.1 is a front perspective view of the modular shelving.
1.2 is a front perspective view of the modular shelving in an alternate configuration.
1.3 is a front perspective view of the modular shelving in a second alternate configuration.
1.4 is a front perspective view of the modular shelving in a third alternate configuration.
1.5 is a front perspective view of the modular shelving in a fourth alternate configuration.
1.6 is a front perspective view of the modular shelving in a fifth alternate configuration.
1.7 is a front perspective view of the modular shelving in a sixth alternate configuration.
1.8 is a front perspective view of the modular shelving in a seventh alternate configuration.
1.9 is a front perspective view of the modular shelving in an eighth alternate configuration.
1.10 is a front perspective view of the modular shelving in a ninth alternate configuration.
The modular shelving has rectangular modules that can be arranged vertically or horizontally to create different sizes and combinations of shelving.
