(57) **CLAIM**

The ornamental design for a combination pry bar and scraper, as shown and described.

**DESCRIPTION**

FIG. 1 is a first perspective view from a top, pry bar end, and one side of the combination pry bar and scraper showing the new design;

FIG. 2 is a second perspective view from the top, pry bar end, and the same side thereof;

FIG. 3 is a perspective view from a bottom, scraper end, and the same side thereof;

FIG. 4 is a side elevational view thereof;

FIG. 5 is a top plan view thereof;

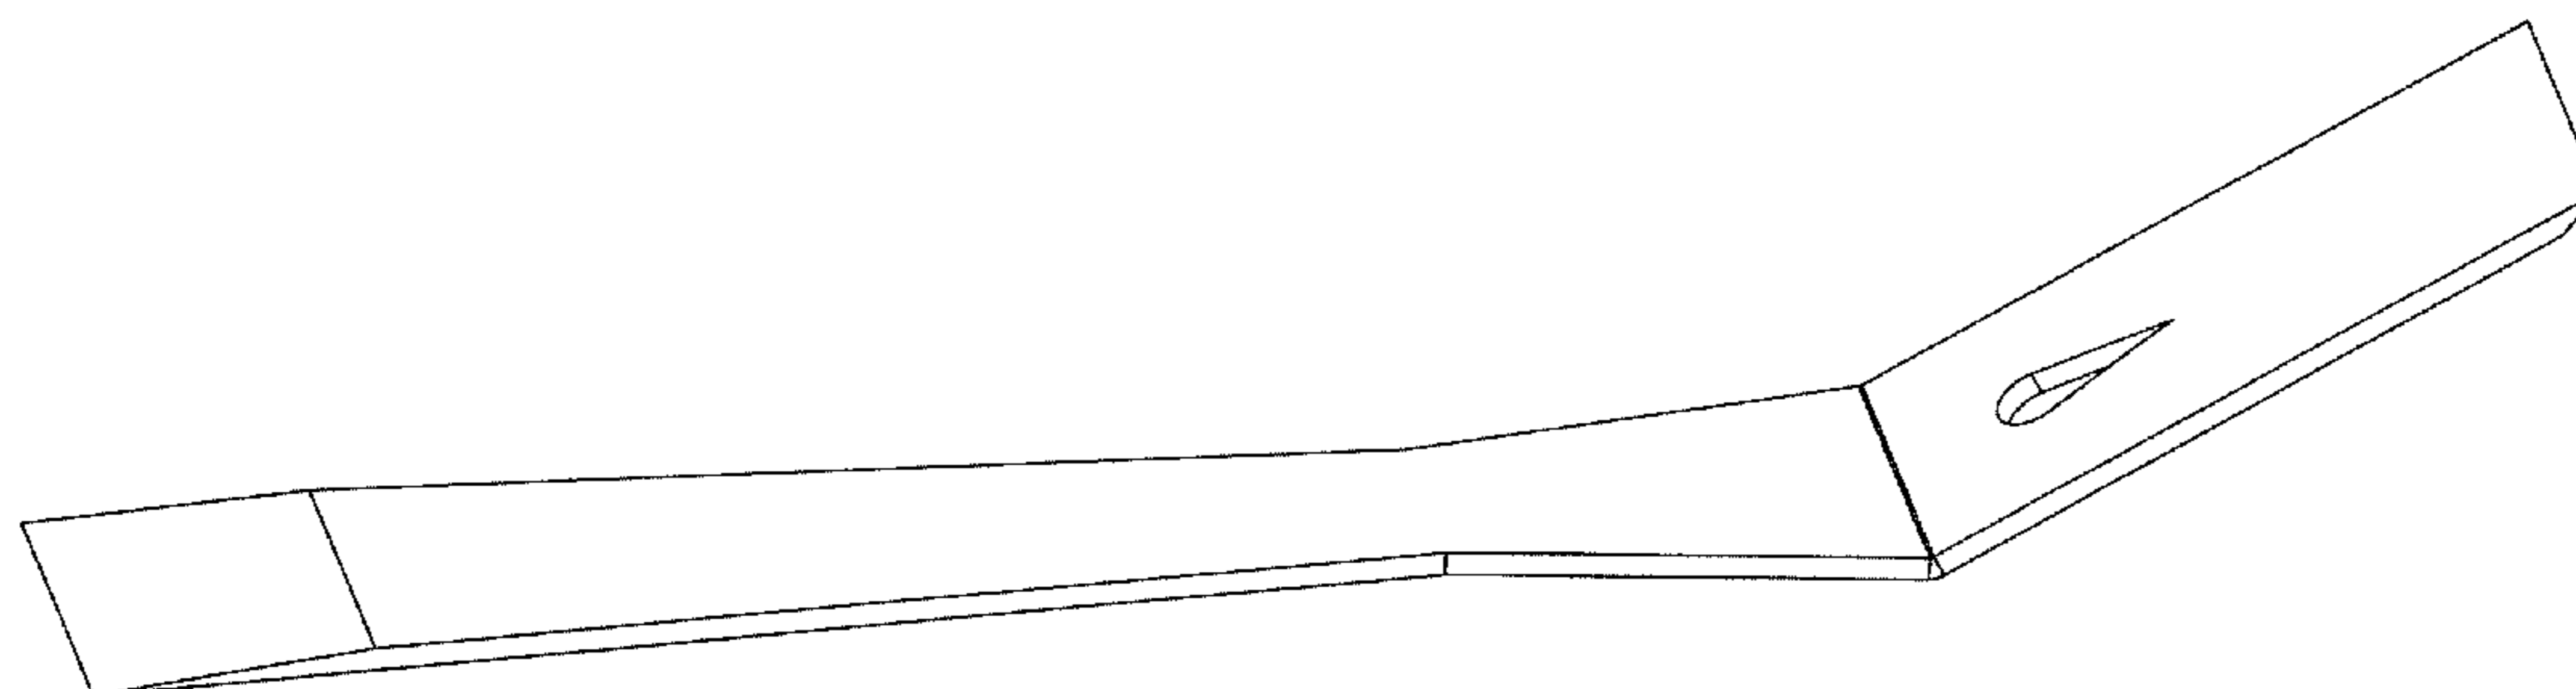

FIG. 6 is a bottom plan view thereof;

FIG. 7 is an end view from the scraper end thereof; and,

FIG. 8 is an end view from the pry bar end thereof.

It will be appreciated that the combination pry bar and scraper is symmetrical about a longitudinally-oriented cross-sectional plane through a center of the combination pry bar and scraper. As such, the perspective and elevational views are shown from one side only.
