See application file for complete search history.

**DESCRIPTION**

This application is related to U.S. patent application Ser. No. 29/600,323, entitled “Embedded Blade Cutter” filed herewith.

FIG. 1 is a left side perspective view of an embedded blade cutter article showing my/our new design; FIG. 2 is a right side perspective view thereof; FIG. 3 is a left side view thereof; FIG. 4 is a right side view thereof; FIG. 5 is a front view thereof; FIG. 6 is a rear view thereof; FIG. 7 is a top view thereof; and, FIG. 8 is a bottom view thereof.

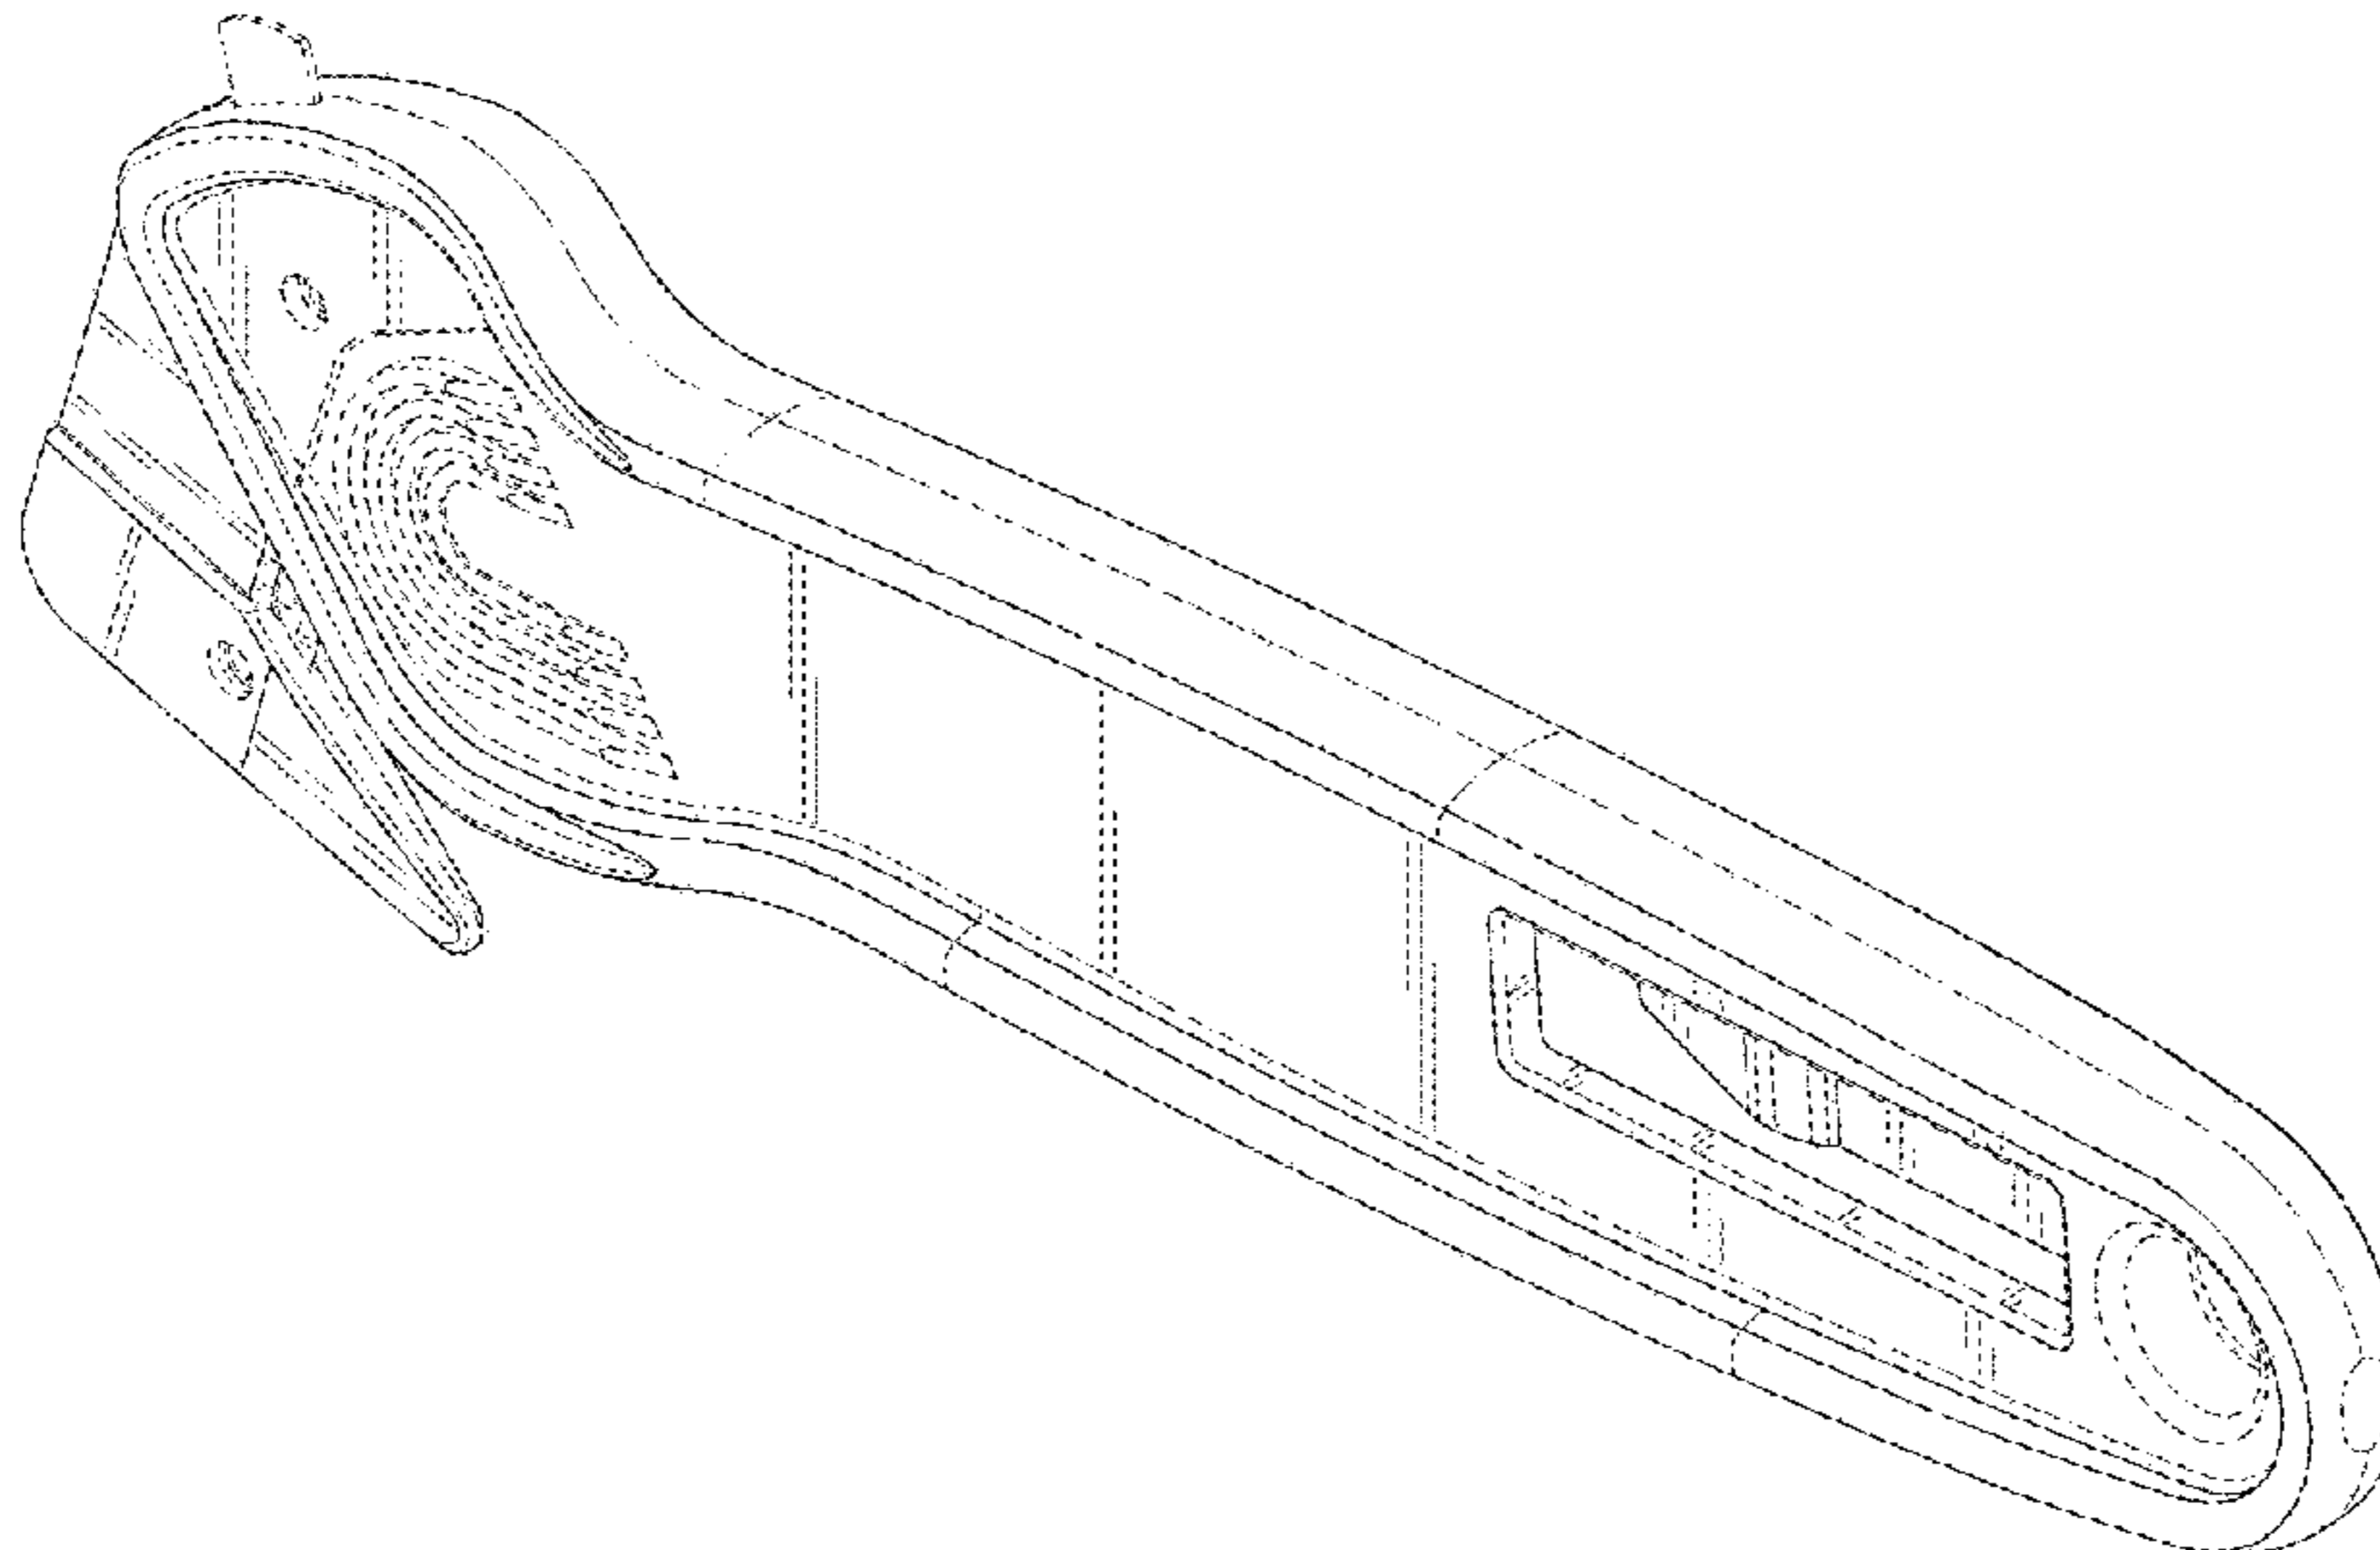

The broken lines immediately adjacent the shaded(/claimed) areas represent the bounds of the claimed design while all other broken lines are included for purposes of illustrating portions of the embedded blade cutter article embodying the design; the broken lines form no part of the claimed design.
