(57) **CLAIM**

The ornamental design for a vehicle antenna, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a vehicle antenna showing our new design in broken lines to depict its placement in an in use condition mounted to a vehicle and portions thereof also shown in broken line to represent environmental structure only and forms no part of the claimed design;
FIG. 2 is an enlarged right side perspective view of a vehicle antenna showing our new design;
FIG. 3 is an enlarged front elevational view thereof, the rear elevational view is substantially a mirror image thereof; and, FIG. 4 is an enlarged left elevational view thereof, the right elevational view is substantially a mirror image thereof.
In those figures where they appear, broken lines illustrate visible environmental structures that form no part of the claimed design.
