CLAIM

What is claimed is the ornamental design for a display screen or portion thereof with graphical user interface image, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with a graphical user interface image; and,
FIG. 2 is an enlarged view of the solid line subject matter of FIG. 1, shown separately for completeness of illustration. The broken line at the periphery of the figures illustrates the display screen, and the remainder of the broken lines illustrate portions of the graphical user interface image. None of the broken lines form part of the claimed design.
