**DESCRIPTION**

The sole FIGURE is a front elevation of a plastic bag.  
Horizontal bands of the claimed design are stippled to  
illustrate that these bands have a different appearance from  
the remainder of the bag body. Oblique shading lines are  
applied to non-stippled portions of the claimed design to  
illustrate that the non-stippled portions of the claimed design  
are transparent. The design is shown with symbolic breaks  
in its length. The appearance of any portion of the article  
between the breaks forms no part of the claimed design.  
The broken lines define the bounds of the claimed design  
and form no part thereof.
