(57) **CLAIM**

We claim the ornamental design for a display screen or portion thereof with a graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen or portion thereof with a graphical user interface showing our new design.

The grayscale shading within the incomplete circular shapes, solid line rectangular shapes, and the broken line circular shape near the bottom of the FIGURE indicate a contrast in appearance. The outermost broken line showing the display screen or portion thereof and all other broken lines showing portions of the graphical user interface are included for the purpose of illustrating portions of the article and form no part of the claimed design.
