(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

This patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee. The FIGURE is a front view of a display screen with graphical user interface showing the claimed design. The broken line showing of a display screen with graphical user interface in the view forms no part of the claimed design.

1 Claim, 1 Drawing Sheet
