DESCRIPTION

See application file for complete search history.

A portion of the disclosure of this patent document contains material for which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the US Patent and Trademark Office patent file or records, but reserves all other copyrights whatsoever.

The FIGURE is a front view of a display screen or portion thereof with graphical user interface.

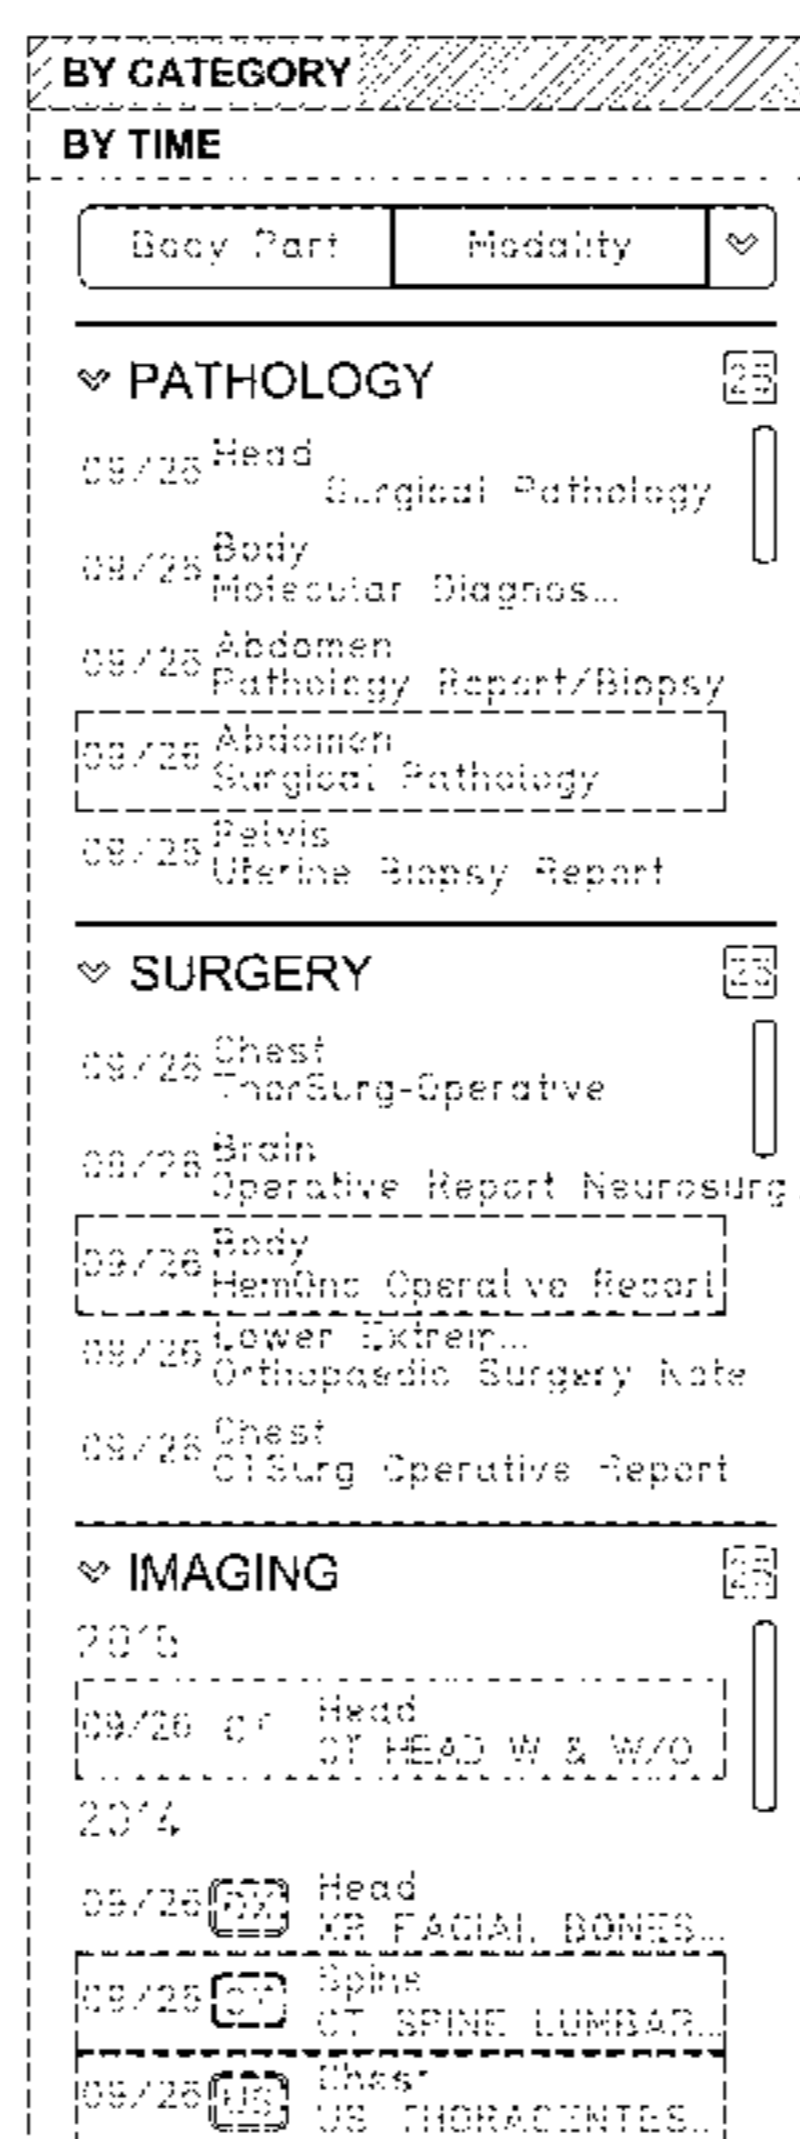

The outermost broken line showing a display screen or portion thereof forms no part of the claimed design. All other broken lines illustrate portions of the graphical user interface that form no part of the claimed design.
