(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with animated graphical user interface showing a first image in a sequence showing our new design; FIG. 2 is a second image thereof; and, FIG. 3 is a third image thereof.

The broken lines around the Figures show a display screen or portion thereof and form no part of the claimed design. The broken lines within the Figures show portions of the graphical user interface that form no part of the claimed design. The subject matter in this application includes a process or period in which an image changes into another image. This process or period forms no part of the claimed design.
