(57) **CLAIM**

The ornamental design for a screw-type fencing staple, as shown and described.

**DESCRIPTION**

FIG. 1 is a top perspective view of a screw-type fencing staple showing the new design.  
FIG. 2 is a bottom perspective view of a screw-type fencing staple showing the new design.  
FIG. 3 is a right side view of a screw-type fencing staple showing the new design.  
FIG. 4 is a left side view of a screw-type fencing staple showing the new design.  
FIG. 5 is an environmental left side view showing the screw-type fencing staple in relation to a screw.  
FIG. 6 is a front view of a screw-type fencing staple showing the new design.  
FIG. 7 is a rear view of a screw-type fencing staple showing the new design.  
FIG. 8 is a top plan view of a screw-type fencing staple showing the new design; and,  
FIG. 9 is a bottom plan view of a screw-type fencing staple showing the new design.  
The broken lines showing of the screw in FIG. 5 illustrate the environment of the claimed design and forms no part thereof.
