(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface, showing our new design; and, FIG. 2 is an enlarged view of the claimed portion thereof. The outer perimeter illustrated by a pair of dashed broken lines represents the display screen or portion thereof and forms no part of the claimed design. The dot-dashed lines define the boundary of the claimed design and form no part of the claimed design. The remaining dashed broken lines shown in the drawings illustrate portions of the graphical user interface that form no part of the claimed design.
