(57) **CLAIM**

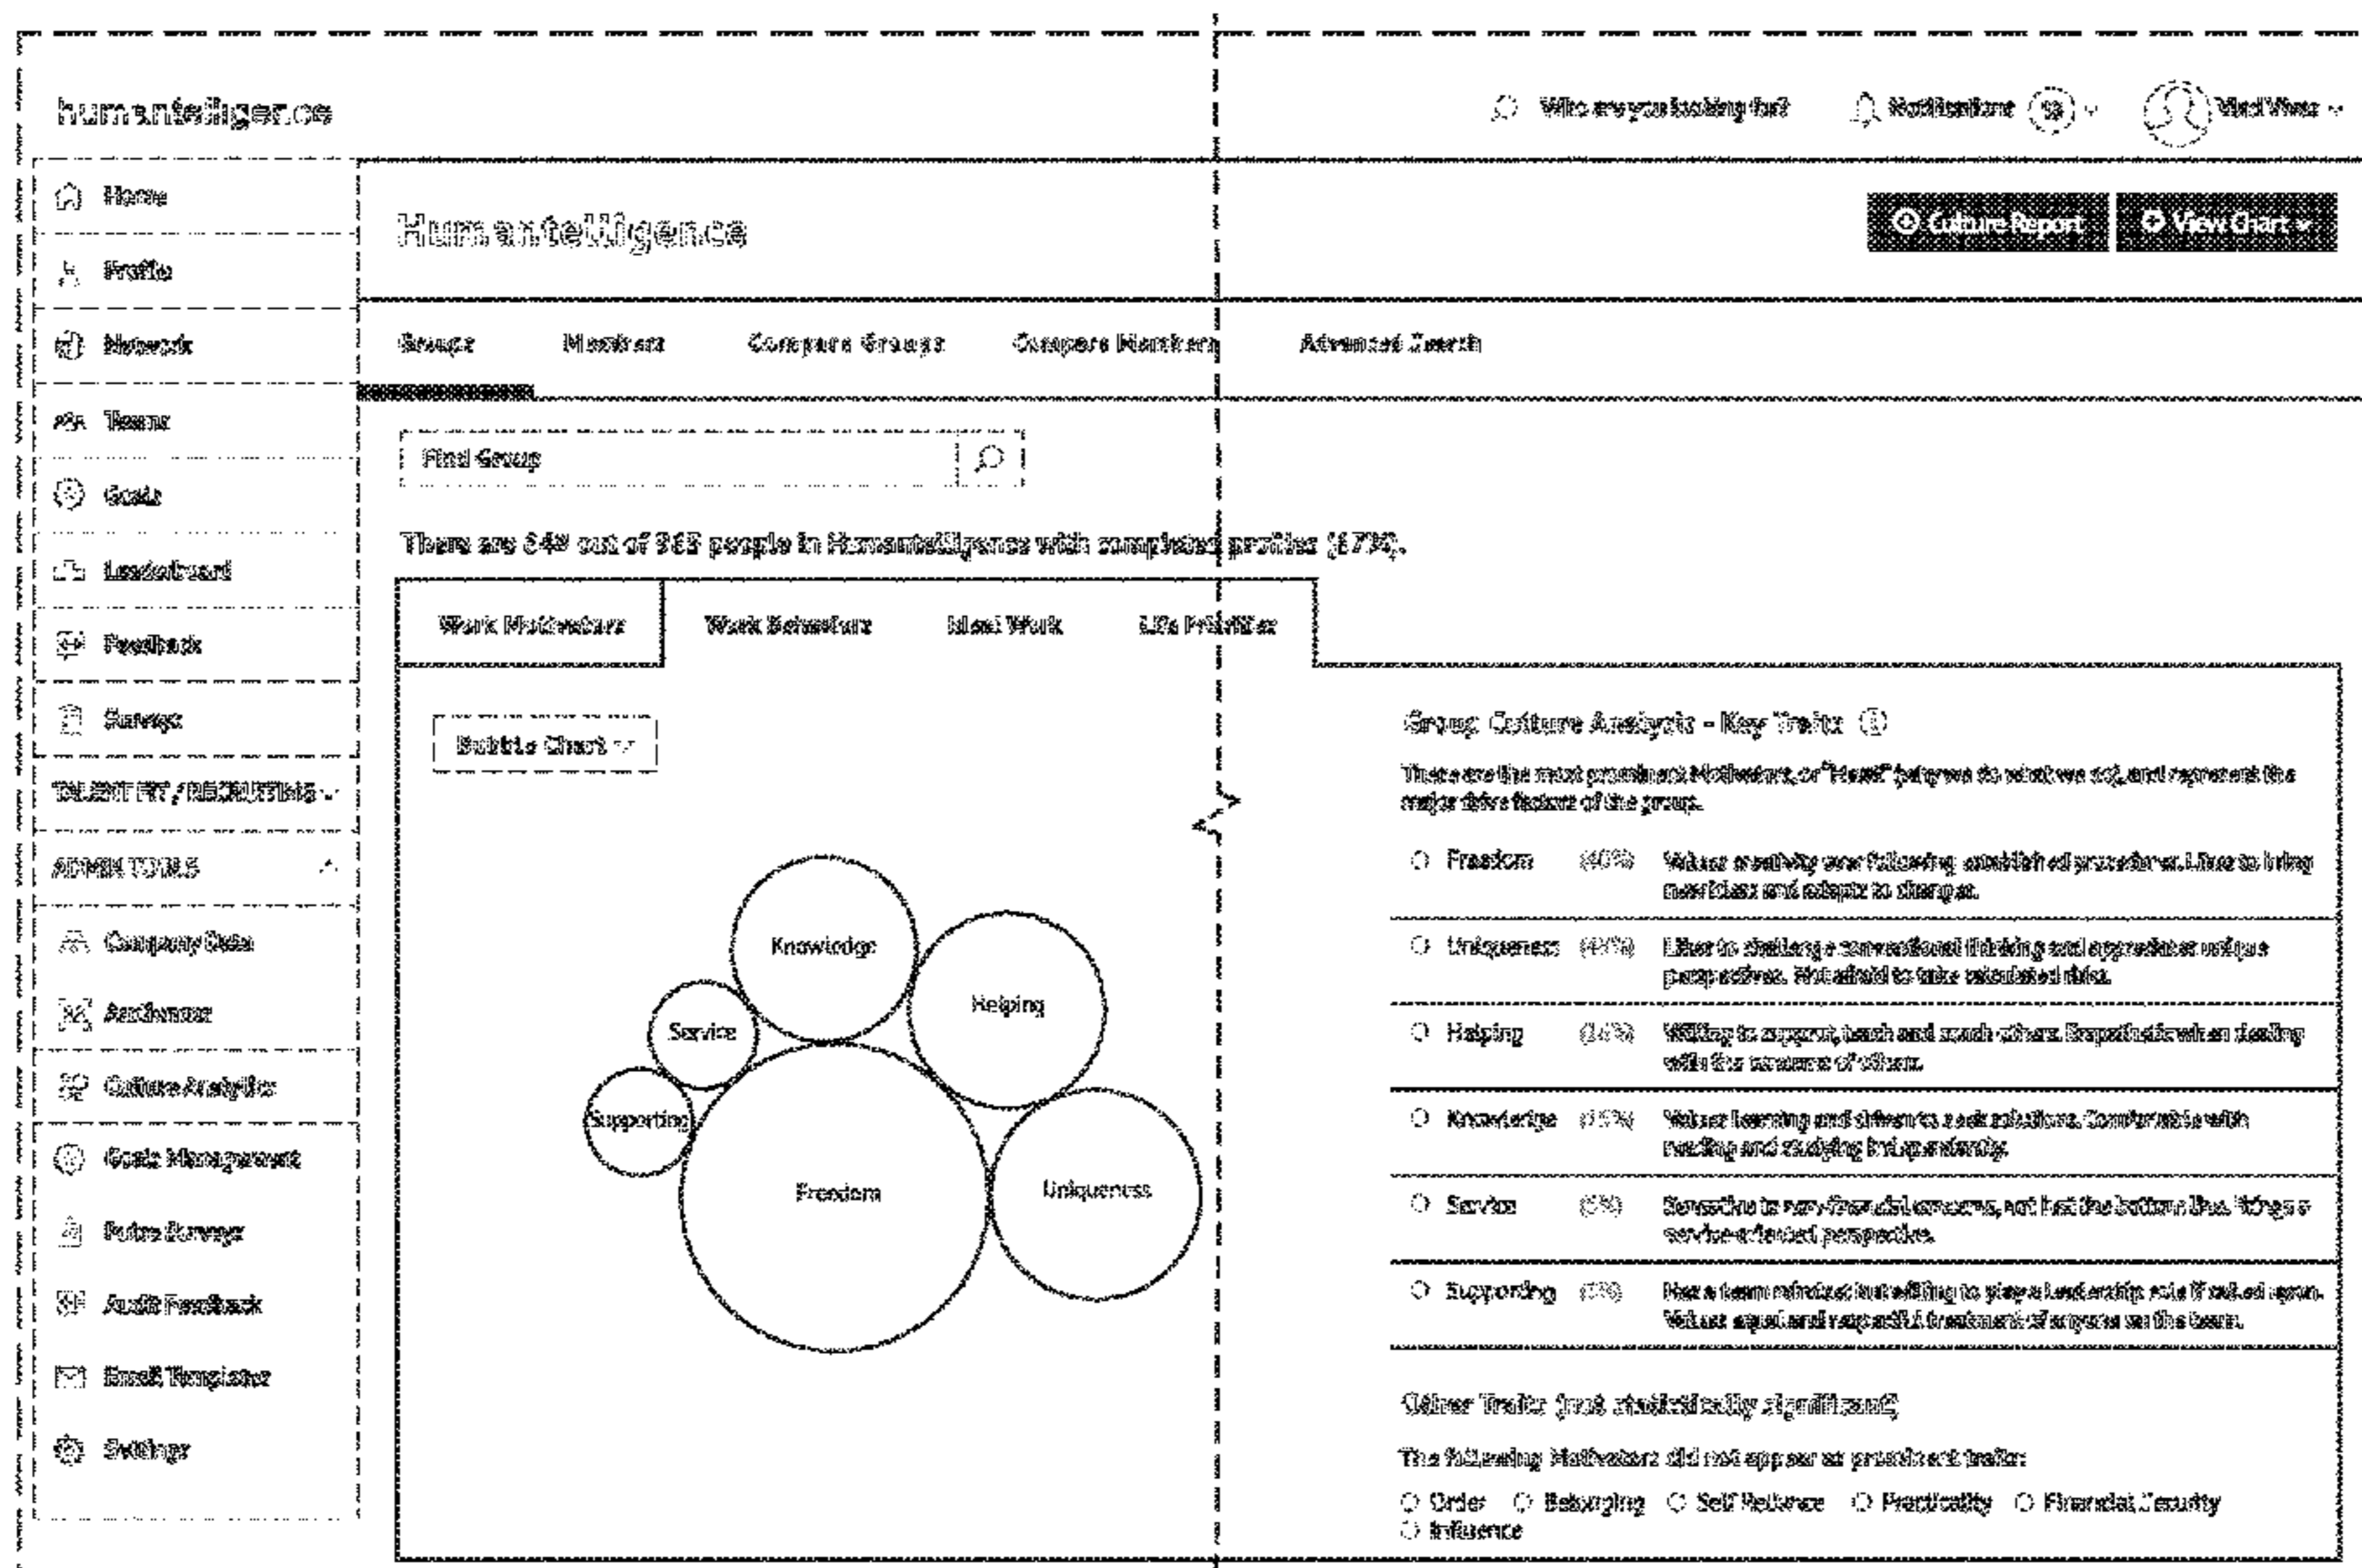

The ornamental design for a display screen with graphical user interface for culture analytics, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view illustrating our design for a display screen with graphical user interface for culture analytics; FIG. 2A is an enlarged front view of the left half of the embodiment of FIG. 1 which is enlarged to depict broken line subject matter; and, FIG. 2B is an enlarged front view of the right half of the embodiment of FIG. 1 which is enlarged to depict broken line subject matter.

The broken lines in the figures, including but not limited to the longer broken lines around the periphery of the views, the shorter broken lines surrounding text, symbols and icons within the views, and the broken lines forming the text, symbols and icons, are included for purposes of illustrating portions of the display screen with graphical user interface for culture analytics, but form no part of the claimed design.

**1 Claim, 3 Drawing Sheets**
