(57) **CLAIM**

The ornamental design for a reticle for a telescopic gun scope, as shown and described.

DESCRIPTION

FIG. **1** is a front, top, left-side perspective view of the reticle for a telescopic gun scope;
FIG. **2** is a front elevational view thereof, the rear elevational view being a mirror image of the front elevational view;
FIG. **3** is a left-side elevational view thereof, the right-side elevational view being a mirror image of the left-side elevational view;
FIG. **4** is a top plan view thereof, the bottom plan view being a mirror image of the top plan view; and,
FIG. **5** is an enlarged front elevational view of area **5** encircled by dot-dash-dot lines shown in FIG. **2**.
The broken lines depict parts of the reticle for a telescopic gun scope that form no part of the claimed design. The dot-dash-dot broken lines are used to show area of enlargement boundaries, and thus form no part of the claimed design.

1 Claim, 4 Drawing Sheets
