(57) **CLAIM**

The ornamental design for a display screen or portion thereof with set of graphical user interfaces, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

The sole FIGURE shows three portions of a display screen with set of graphical user interfaces showing our new design.

The peripheral dashed broken lines illustrate a display screen or portion thereof, and form no part of the claimed design. The remaining broken lines illustrate portions of a graphical user interface and form no part of the claimed design.

The bracket indicates a set of graphical user interfaces, and forms no part of the claimed design. The graphical user interfaces are arranged as shown for convenience of illustration; the relative arrangement of graphical user interfaces forms no part of the claimed design.

The claim is directed to the collective appearance of the set of graphical user interfaces shown.
