(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface showing a first embodiment of our new design; and,

FIG. 2 is a front view of a display screen or portion thereof with graphical user interface showing a second embodiment of our new design.

The dashed broken lines illustrate portions of the graphical user interface that forms no part of the claimed design. The dot-dashed broken line illustrates the display screen or portion thereof is for the purpose of illustrating environmental structure and forms no part of the claimed design.
