(57) **CLAIM**

The ornamental design for a universal bracket assembly, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the universal bracket assembly of the present invention comprising a first bracket element in an assembled condition;
FIG. 2 is a top plan view thereof;
FIG. 3 is a bottom plan view thereof;
FIG. 4 is a rear elevation view; the front elevation view being a mirror thereof;
FIG. 5 is a right side elevation; the left side elevation view being a mirror thereof;
FIG. 6 is a perspective view of the universal bracket assembly of the present invention comprising first and second bracket elements; and,
FIG. 7 is a bottom view of the universal bracket assembly of the present invention comprising first and second bracket elements.
