CLAIM

(57) The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with animated graphical user interface showing a first image in the sequence showing my new design;
FIG. 2 is a second image thereof;
FIG. 3 is a third image thereof;
FIG. 4 is a fourth image thereof; and,
FIG. 5 is a fifth image thereof.

The outermost solid-line rectangle illustrates the perimeter of a display screen. The broken lines outside this perimeter illustrate an electronic device. The broken lines within this perimeter illustrate portions of a graphical user interface. The broken lines form no part of the claimed design. The appearance of the display screen with animated graphical user interface sequentially transitions between the images shown in FIGS. 1-5. The process or period in which one image transitions to another forms no part of the claimed design.
