(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

This application claims priority from application Ser. No. 29/473,503, filed Nov. 22, 2013 for a new, original, and ornamental design for a Display Screen or Portion Thereof With Graphical User Interface, of which the following is a specification, with reference being made to the accompanying drawings forming a part hereof. The entire contents of the above priority application is incorporated herein by reference for all purposes.

The FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design.

The long broken lines in the FIGURE show a display screen or portions thereof that form no part of the claimed ornamental design. The short broken lines show portions of the graphical user interface that form no part of the claimed ornamental design.
