(57) **CLAIM**

We claim the ornamental design for a tethering assembly for hand grinders and like tools, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a tethering assembly for hand grinders and like tools showing our new design; FIG. 2 is a rear perspective view thereof; and, FIG. 3 is a front perspective view thereof connected to a hand grinder.

The broken line showing the hand grinder is provided for the purpose of illustrating environmental structure and forms no part of the claimed design.
